THE 1942 HOME-COMING

In spite of fears that transportation difficulties might prevent a large number of homecomers from returning to the College for this annual event the home-coming crowd was larger than usual. There was also general agreement that the programs given in connection with home-coming were of a superior character.

The home-coming events began on the forenoon of Thanksgiving Day. President Miller had charge of the annual Thanksgiving service and the Reverend C. L. Graber preached an appreciated sermon.

Three hundred and forty homecomers sat down to the annual turkey dinner. A. C. Gingerich, Iowa Turkey King, donated his annual quota of fine field-grown turkeys and the kitchen force prepared and served them in their usual faultless style. The menu was a success all the way from spiced cidar cocktail down through roast turkey and all the trimmings to pumpkin pie.

The after dinner program was built around the theme—

"Over the river and through the wood
To grandfather's house we go."

The following program was given:

Over the River and Through the Wood
Professor Jacob Sudermann
Trot Fast My Dapple Gray................Ralph Hernley 41
How the Wind Does Blow! (a marimba solo)
Bonald Overholt 36
Grandmother's Cap I Spy....Carolyn Lehman Bender 34
Hear the Bells Ring! ("Hear the Sledges with Their Bells" and "Rose Leaves") Ladies' Trio—
Barbara Esch 43, Nellie Esch 40
Margaret Detwiler 44
Is the Pudding Done?............President E. E. Miller 17

The afternoon passed all too soon.

Professor Walter Yoder's A Cappella Chorus of sixty-three members, all upper classmen, rendered several old favorites but also several new and beautiful selections in the annual chorus program in the evening. Outstanding among these were the Apostles Creed set to music by Tschaikowsky, and a Bach motet entitled "Blessing, Glory and Wisdom."

Soloists were David Byler 45, from Martinsburg, West Virginia, Warren Leatherman 43, Doylestown, Pennsylvania, and Christine Blosser 46, of Columbiana, Ohio.

As has been the custom regular classes were held on Friday until 3 o'clock. A special Friday chapel service was arranged by the committee in charge of the new extension Sunday school in East Goshen.

In the basketball game at 3:30 the Auroras defeated the Adelphians with a very close score. The home-coming lecture in the evening was delivered by Dr. Henry L. Smith, Dean of The School of Education at Indiana University.

On Saturday a smooth-functioning basketball team of former stars of women's teams showed the women's varsity team a few tricks in basketball, winning an easy victory. But in the contest between the men's teams a well trained varsity easily defeated an alumni team that seemed unable to get together or could not stand the fast pace set by the undergrads.

The closing event of the home-coming season was the annual musicale held in Assembly Hall on Saturday evening. The quality of the program was very high, including a vocal duet by Helen Hoover x43, now a student in the Music School of Northwestern University and Warren Leatherman 43; a piano duo by Professor Noble Kreider and Robert Hostetler 45, vocal solos by Miss Hoover and David Byler 45, and a string trio by Mary Oyer 45, Margaret Detwiler 44, and Rosemary Roose 43. A group of selections read chorally by five young women was appreciated.

All in all the 1942 Home-coming was an outstanding event not only in the number of homecomers and in the quality of the programs but also in the spirit of real thanksgiving which pervaded the campus. Much of the credit for the excellence of the programs and the religious spirit of the occasion is due to the careful planning and fine co-operation of the Y social committees headed by Warren Leatherman 43, of Doylestown, Pa., and Louise Yoder 43, of West Liberty, Ohio.

THE GOOD-WILL TOUR

On November 30 the president of the Alumni Association left for a trip to the East to visit alumni who live in those areas not usually visited by the regular field men of the College. He made stops at Toledo, Cleveland, Akron, Painesville, and Perry, Ohio; Buffalo, Boston and New York; Elizabeth and Princeton, New Jersey; Wilmington, Delaware; Philadelphia, Harrisburg, Shiremanstown, and Biglerville, Pennsylvania; Hagerstown, Frederick, and Baltimore, Maryland; Washington, D. C.; Columbus and West Liberty, Ohio.

He is particularly grateful to the following alumni who either arranged or tried to arrange a meeting of the Goshen alumni in their vicinity: Fern Umble 21 and Allen Y. King 22, at Cleveland; Mr. and Mrs. D. B. Zook 02 (Lena Landis 05) and Vernon Culp 13, at Akron; Donald Sahli 37, at Perry, Ohio; Mrs. Ruth Ebersole Rasmussen 11, at Buffalo; Professor J. Frank Ebersole 06, at Boston; Edwin I. Weaver 30, at New York; Mr. and Mrs. Ralph Greener 39 (Mary Ellen Esch), at Elizabeth, New Jersey; Mrs. J. G. Baumgartner x24 and the Hershbergers, W. D. 27 and Mary 29, at Princeton, New Jersey; Professor Amanda Ebersole 05, at Philadelphia; Clarence Fulmer 22, at Wilmington, Delaware; Mr. and Mrs. A. M. Hess 06 (Anna Kauffman 04), at Shiremanstown, Pennsylvania; Mr. and Mrs. J. Forrest Kanagy 30, at Biglerville, Pennsylvania; John M. Baer x33, at Hagerstown, Maryland; the Brunk brothers, Milton x30 and Niemann 31, at Frederick, Maryland; Mr. and Mrs. Charles Neff 38 (Elizabeth Royer 39) and Mr. and Mrs. E. J. Rutt 04 (Emma Smucker x08), at Baltimore; J. R. Allgyer 15, E. A. Meyer 20, and J. N. Weaver, Hesston College alumnus, at Washington, D. C.; Professor and Mrs. H. G. Good 08 (Maude Warye 08), at Columbus; and Prof. Russell Lantz 18, at Bluffton, Ohio.

The trip had several objectives: to bring together and to make acquainted the older and younger alumni groups in each area visited; to inform alumni regarding the present organization and future projects of the College; and to acquaint alumni with the details and prospects of the debt liquidation campaign. At each meeting the president of the Association showed Kodachrome slides presenting views of the campus and of student life and activities.

Although the trip was a success financially, probably the outstanding result is that it gave alumni an opportunity to meet their neighbors who also were Goshen alumni. Older alumni enjoyed the privilege of becoming acquainted with younger members of the alumni family and the younger alumni were impressed with the dignity, achievements, and importance of older members of the alumni group.

An exclamation often heard in these meetings was, "I did not realize that so many Goshen alumni lived in this community." In arranging for a meeting one alumnus discovered that another alumnus has for many years lived only a block and a half from the place where the first is employed. The alumni office hopes that one result of these meetings will be the organization of local units of Goshen alumni who will make an effort to arrange an annual or a semiannual meeting for the renewing of old friendships and for the forming of new acquaintances with members of the alumni circle.

The president of the Association expresses his warm appreciation and sincere thanks to all alumni who attended any of the meetings and especially to those who spent valuable time—and gasoline—in their efforts to secure a one hundred per cent attendance of the alumni living in their vicinity. On such a hurried trip it was inevitable that he was obliged to miss some members of the alumni group. This is his one regret of the trip.

PROGRESS OF THE DEBT LIQUIDATION PROGRAM

The fifteen-month debt liquidation program is considerably ahead of schedule at this date. The figures released on December 17 showed that actual cash paid in to the fund was $64,950.99. Receipts for the first seventeen days of December were $7,427.00. While this leaves us still considerably short of the goal ($105,000.00) it is encouraging to note that more than half of the debt has been liquidated during the first six months of the program.

The alumni office regrets its inability to print the names of alumni donors because some of the donations were sent directly to the Akron office of the Mennonite Board of Education, and to date no one has had time to separate the names of alumni donors from the list of general contributors. It is possible, however, at this time to say that alumni response is very generous. Those who have not sent in their contribution are invited to do so as soon as possible.

DECEMBER 1942 GRADUATES

The accelerated program has made it possible for seven students to complete their college course this semester. Paul Martin, Marion, Pennsylvania; Wayne Miller, Millersburg, Ohio; Roy Roth, Morton, Illinois; William Yoder, North Lima, Ohio, have completed the requirements for the B.A. degree.

Esther Hartzler and Klara Muntinga, of Goshen, and Orpha Zimmerly, of Orrville, Ohio, have completed the requirements for the degree B.S. in elementary education.

Wayne Miller has been employed to teach science and mathematics in the Porterville, Michigan, public high school. Paul Martin and Roy Roth have completed the requirements for admission to medical school but are taking the combined B.A. and Th.B. course. This will make it necessary for them to remain in residence in Goshen College one more year before transferring to medical school. William Yoder has been called to camp.

Esther Hartzler became Mrs. Harold Oyer on Christmas Day and has been employed to teach in the public schools in Peoria, Illinois, where her husband, who was graduated from Goshen College last spring, is teaching science and mathematics in Roosevelt Junior High School. This is the same school in which Harold Burkholder x35, formerly of Newville, Pennsylvania, is teaching. Miss Muntinga and Miss Zimmerly are also planning to begin teaching at the beginning of the new year.

MR. GRABER LOANED TO WASHINGTON

At the urgent request of the National Service Board for Religious Objectors, Business Manager C. L. Graber has been granted a partial leave of absence until September 1, 1943, to serve as assistant to Paul French, executive secretary and chief administrative officer in Washington office of the Board.

The heavy demands upon the National Service Board staff, due to the rapidly expanding Civilian Public Service Program, necessitated an enlargement of the Washington executive staff, and since approximately forty per cent of all C.P.S. men are Mennonites, the Service Board desired, if possible, to secure a Mennonite for this position. Inasmuch as Mr. Graber has been active on the Peace Problems Committee of the Mennonite Church, has had wide executive experience, and has been in close touch with the C.P.S. program, he was the logical man for the place.

His duties in Washington are to correlate the work of the various departments and to carry out such assignments as are delegated to him by Mr. French.

The College has consented to release Mr. Graber on condition that he spend some time each month at the College to keep in touch with the business management of the school. He will return to full-time duty at the beginning of the next school year, September, 1943.

RELIEF WORKER TO RETURN

Reports received from France by cable indicate that Miss Lois Gunden 37, instructor in French at Goshen College since 1939, but who was given a leave of absence a year and a half ago to do relief work in France, is safe at Lyons.

The Mennonite Central Committee in charge of relief work in France has been assured that Mennonite workers in the French unit will have the privilege of being repatriated with the diplomats and correspondents interned at Lourdes, or of remaining in France, or of going to Switzerland. They will probably elect to return home. The date of repatriation has not been fixed by the State Department.

VACATION GOSPEL TOURS

Four Gospel Teams made the annual Christmas vacation tour of Mennonite communities bringing messages in addresses and song. One team made a tour of seven days through Illinois and Iowa. Another five-man team traveled east through northwestern Ohio and Pennsylvania. On the last three days of the vacation another team visited Mennonite churches in central and western Ohio. The junior women's quartet spent the last week end of the vacation on a tour through northern Illinois, presenting programs at Freeport and Chicago.

ALUMNI NEWS-LETTER

The ALUMNI NEWS-LETTER of the Goshen College Alumni Association is printed four times a year as the January, May, July, and October numbers of the *Goshen College Bulletin.*

Entered as second class matter November 17, 1924, at the postoffice at Goshen, Indiana, under Act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 1, 1924.

EDITORIAL CHAT

The president of the Alumni Association is very grateful to the many alumni who helped to make his recent trip through the East a success. A number of alumni spent a great deal of time and energy in assembling the alumni in their vicinity for a meeting. The president of the Association is very grateful to all of these for their efforts.

May we once more call attention of alumni to the fact that second-class mail, material such as the ALUMNI NEWS-LETTER and other periodicals, cannot be forwarded like first-class mail. Unless the alumni office has the exact mailing address of alumni the NEWS-LETTER cannot reach you. When you change your address please notify us of such change of address and give us your exact street number and the number of your rural route.

If you do not receive your copy, there is only one reason: Your complete, corrected address is not on our mailing list. For the next few months, at least, it is the policy of the Alumni Association to send the NEWS-LETTER to all alumni even though they fail to support the financial program of the Association. All graduates and former students may receive the NEWS-LETTER free. But we must have your address or it cannot reach you.

WINTER BIBLE SCHOOL

The annual Winter Bible School conducted at Goshen College opened January 4, and will continue to February 12. Off-campus instructors are D. A. Yoder, principal, of Elkhart; Ira S. Johns, Goshen; E. C. Bender, Elkhart; Lester T. Hershey, Chicago, Illinois; Harold Zehr, Rantoul, Illinois; and P. L. Frey, Archbold, Ohio. In addition, ten regular members of the Goshen College faculty offer courses.

Special features of the Short Bible Term include a course in home nursing for women, a course in first aid for men, and two numbers of the regular Goshen College lecture course. The Winter Bible School has received very fine support from Elkhart County in the past few years.

John C. Wenger, associate professor of Bible, is secretary of the Bible School committee.

PROFESSOR HERSHBERGER ON LEAVE

President Miller announced in December that Dr. Guy F. Hershberger, professor of history and sociology, will be absent from the College for the second semester on sabbatical leave. He will devote his time to the final preparation for the press of two books, the manuscripts of which already are well advanced. The first is a systematic treatment of the peace position of the Mennonite Church, including its Biblical foundations, its historical development, and its contemporary practical applications. The second is a history of the Quaker government of colonial Pennsylvania, 1682-1756.

Professor Hershberger is the author of a number of books and articles and is director of Mennonite research at Goshen College. His most recent publication is a volume entitled, "Christian Relations to the State and Community," published by the Mennonite Central Committee and prepared especially for use in the educational program of the Civilian Public Service Camps operated by this committee.

RENDITION OF THE MESSIAH

At a vesper service on Sunday afternoon, December 20, at 3:00 p.m. in the College gymnasium, the combined A Cappella and Collegiate choruses of Goshen College presented the traditional annual rendition of Handel's oratorio, the Messiah, under the direction of Professor Walter E. Yoder. The combined choruses numbered one hundred twenty voices.

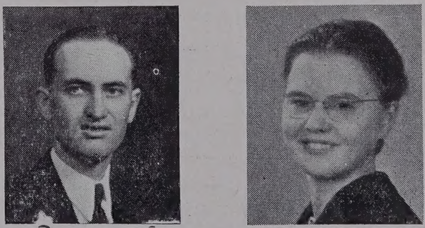
Rosemary Roose 43, of Nappanee, and Mary Kathryn Oyer 45, of Goshen, were the accompanists. The tenor solos were sung by Warren Leatherman 43, of Doylestown, Pennsylvania, and David Byler 45, of Martinsburg, West Virginia; soprano, Helen Hoover x43, of New Paris; alto, Kathryn Mumaw Stalter 41, of Elkhart; bass, Wilbur Huneryager, of Goshen.

Miss Hoover and Mrs. Stalter are former students of the College. Miss Hoover is attending the Northwestern University School of Music. Mr. Huneryager is a member of the College congregation and is well known to northern Indiana audiences.

Acoustics in the gymnasium were good and there was ample space for the large, appreciative audience. Professor Paul Erb is director of the Collegiate Chorus.

DUERKSEN ORDAINED

On Nov. 26, John Duerksen 37, formerly of Kingman, Kansas, was ordained to the ministry at Hesston College by Bishop Milo Kauffman, president of Hesston College. He is serving under the Mennonite Central Committee at Galax, Virginia, as director of C.P.S. Camp No. 39. Since his graduation from Goshen College Mr. Duerksen has been serving at Hesston College as proctor of the men's dormitory, director of the Hesston College chorus, and instructor in German and music. Mrs. Duerksen (Ruth King 39) is serving as matron of the camp at Galax.



Rev. and Mrs. John Duerksen

MINISTERS' WEEK

During the closing days of the Winter Bible Term the College is planning a Ministers' Week Program, February 10 and 11. Bishop Edwin J. Yoder x09, of Topeka, is to be moderator. The forenoon and afternoon each are divided into three periods. Each day from 9:00 to 9:45 Jesse Martin, of Waterloo, Ontario, will discuss "Our Christian Stewardship Program." From 9:45 to 10:30 Professor John C. Wenger will conduct expository studies on Colossians and Ephesians. Jesse Martin will discuss "Practical Pastoral Work" in the 10:30 to 11:15 period. Bishop A. J. Metzler will discuss "Home Building" during the 1:15 to 2:00 period and "Providing the Church with a Working Ministry" during the 3:00 to 3:45 period. In the period from 2:00 to 3:00 Bishop J. D. Graber 25, India missionary on furlough, will discuss "Sanctification."

One change in the program this year is the conjoint chapel service to be held in assembly hall for both ministers, and students. Each day from 11:15 to 12:00 there will be an address on the general theme, "An Aggressive Church Program." Bishop A. J. Metzler is to speak on Wednesday on the theme "Evangelism," Bishop J. D. Graber on Thursday on "Foreign Missions," and O. O. Miller 15, of Akron, Pa., on Friday on "Civilian Public Service." It is hoped that a large number of ministers will find time to spend a few days together in discussion and study of these important questions. The Annual Christian Life Conference follows immediately after ministers' week and will be held February 12-14, beginning on Friday evening and ending Sunday evening. Bishop A. J. Metzler will be moderator, President Ernest E. Miller, assistant moderator, and Professor Walter E. Yoder, chorister. The conference theme will be "Christ Our Life," and the program will be as follows:

Friday Evening

"Behold the Lamb of God"....................To be supplied
"I Am the Truth" ....J. D. Graber

Saturday Afternoon

"Christ the Answer to Our Problems"
Panel Discussion led by Paul Erb

Saturday Evening

"I Have Called You Friends"............Nelson Kauffman
Hannibal, Missouri
"I Have Given You an Example"............Jesse Martin

Sunday Morning

Sermon ....A. J. Steiner

Sunday Afternoon

"Christ Who Strengtheneth Me"................A. J. Metzler
"That I May Know Him"........................To be supplied

Sunday Evening

"My Lord and My God"............................C. A. Hartzler
Flanagan, Illinois
"And Follow Me"...J. D. Graber

WASHINGTON, D. C. ALUMNI

The largest meeting of alumni on the recent goodwill tour of the president of the Alumni Association was held at Hotel Roger Smith in Washington. The alumni group in Washington is taking a prominent part in the stirring events of World War Number Two. Mrs. H. E. Becknell (Bernice Lehman 18) is president of the League of Women Voters in Washington. Dr. Lloyd Blauch 16 is in the Department of Education. J. R. Allgyer 15 is in the Department of Agriculture. Dr. Benjamin Gerig 17 is in the Department of State. Dr. D. S. Gerig, Jr. x26 is in Social Security. The recent activities of E. A. Meyer 17 are mentioned in another item.

All of the above are interested not only in winning the war but in winning a just and lasting peace. Each in his own field is making a vital contribution to this endeavor.

Younger members of the alumni group are John Hershberger 26, director of the United States Geodetic Survey in Washington; Orvan Brunk x28, engaged in a large housing construction project; Carl Miller 41, in the Office of the National Service Board for Religious Objectors; Karl Stutzman 40, in the War Production Board.

Dr. Ernst Correll, former instructor at Goshen College and now professor of economics in the Graduate School of the American University in Washington, is continuing his interest in the work of the College. He is a keen student of international affairs and vitally interested in helping to promote a lasting peace after the close of the war.

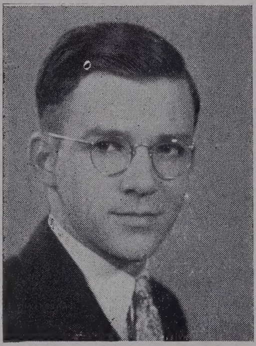
In fact this is true of all the members of the group. Each one in his own field and in his own way is deeply concerned in promoting such a program as will assure the peace and prosperity of all the nations of the world after the close of the present conflict. It was inspiring and heartening to come in contact with a group so broad in its outlook, so well informed, and so keenly interested in winning a permanent peace.

Also attending the Washington meeting were Mr. and Mrs. Joe N. Weaver, Hesston College alumni. Mr. Weaver is director of the M.C.C. C.P.S. Camps with headquarters in the office of the National Service Board for Religious Objectors at Washington.

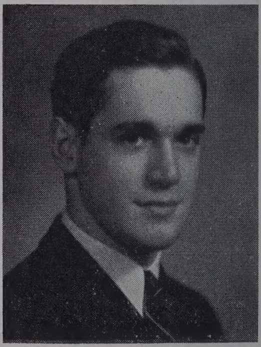
COLUMBUS ALUMNI MEET

The alumni meeting at Columbus, Ohio, on December 12 was the second largest of the recent tour. The arrangements were in charge of Dr. and Mrs. H. G. Good 08 (Maude Warye 08), of Columbus. Dr. Good is professor of education at Ohio State University.

The following fourteen other alumni and friends were present. Mr. and Mrs. Elmer E. Lehman 16 (Lita R. Miller 15) are living at Canal Winchester, Ohio, where Mr. Lehman is district manager of the Equitable Life Insurance Company. Mr. and Mrs. W. Wilbur Miller 22 (Mary Warye x24) are residents of Columbus. Their daughter, Rosemary, is a leading sophomore at Goshen College. Mr. Miller, as assistant superintendent of schools, is in charge of all the elementary schools in the city.



Richard P. Yoder



John E. Smucker

Mr. and Mrs. John M. Allgyer x29 (Mildred Byler, formerly of West Liberty) motored over from Plain City where Mr. Allgyer has a large and growing implement business. Mr. and Mrs. Atlee Beechy 35 (Winifred Nelson 38) have lived in Columbus several years. Mr. Beechy is dean of boys at one of the elementary schools in the city. Orus Jessup x36 teaches in a junior high school in Columbus.

Dr. Richard Yoder 39 is completing his medical course at Ohio State University in March and expects to take up public health service after his graduation. John Smucker and his recent bride are now living in Columbus. Mr. Smucker had been in the C.P.S. Camp at Marietta but is on detached service in the office of the United States Forestry Service in Columbus.

Warren Miller x43 is enrolled in the College of Agriculture at Ohio State University and Mervin Hostetler x44, in the College of Engineering.

Several other Columbus alumni sent their regrets, among them Mr. and Mrs. Maurice Allgyer x26. Mr. Allgyer is teacher of speech in one of the junior high schools in Columbus.

The Columbus meeting was not only a large one but the arrangements were perfect and a fine spirit prevailed. Professor Good presided and expressed the hope that Goshen alumni in the city of Columbus and vicinity might establish a permanent organization and hold regular meetings. The idea met with general approval.

PHYSICIAN INDUCTED INTO C.P.S. CAMP

Dr. Robert Bender 32, popular young physician of Elkhart, Indiana, has been inducted into Civilian Public Service at the North Fork, California, C.P.S. Camp, No. 35. Dr. and Mrs. Bender (Carolyn Lehman 34) motored to North Fork in December and Dr. Bender was formally inducted into camp on January 1. En route to California he was commissioned by the M.C.C. to inspect health and sanitary conditions in the camps at Weeping Water, Nebraska; Hill City, South Dakota; Ft. Collins, Colorado; Downey, Idaho, and Camino Camp, California.

Dr. Bender serves the North Fork C.P.S. Camp, the U. S. Forestry Service at North Fork, and also does private duty in the North Fork community. North Fork is located fifty miles northeast of Fresno, the nearest point at which medical service is available.

ALUMNUS MAY GO TO SYRIA

At a meeting of the M.C.C. held at Chicago on December 28-29 the committee decided to send a relief unit of three men, consisting of a commissioner, a physician, and a third member, to Syria as soon as travel arrangements can be made. The committee is not ready to announce personnel, but a Goshen College alumnus probably will be a member of the group.

The party will travel via New Orleans and Panama Canal to Valparaiso, Chile, by water, overland to Buenos Aires, by water to Capetown, then overland through central and east Africa, stopping in Ethiopia to investigate the possibility of opening relief work there later. The ultimate destination of the party will be Palestine.

The M.C.C. also decided on a definite program of relief work after the end of the present conflict.

NEW BOOK BY FACULTY MEMBER

Professor Carl Kreider's doctoral dissertation, **The Anglo-American Trade Agreement**, now in press, is being published by Princeton University as Number Eight in the series of studies issued by the International Finance Section. The sub-title of the book is, "A Study of British and American Commercial Policies, 1934-39." The purpose of the research was to advance knowledge of the whole trade agreements program by making a study of one specific agreement.

Professor Kreider's was the first detailed scientific study of any of these widely acclaimed trade agreements. His research indicated that the advantages of this particular agreement were slight and out of all proportion to the publicity given it by the press and by government agencies.

Within recent weeks his findings have been corroborated unofficially by employees of the Treasury Department.

EBERSOLE ELECTED MAYOR

The Republican land slide in November which swept the entire state ticket and also the Elkhart County ticket into office gave F. S. Ebersole 04 and the entire Republican city slate a large majority in the city of Goshen. Mr. Ebersole has become mayor with the support of a large number of voters of all parties. He has taken a prominent part in the religious, educational, business, and civic life of the city for many years. The new mayor has retained Dr. C. K. Bender 29 in the office of associate member of the Board of Health.

NEW RECORD EDITORS

Albert Miller 43, of Akron, Pennsylvania, has been named new editor-in-chief of the College Record to succeed Roy Roth who completed the work for the B.A. degree in December. Associate editor is Neva White 43, of Newton, Kansas, who has been a member of the feature staff. Gladys Graber 45, of Goshen, succeeds Esther Hartzler, December, 42, now Mrs. Harold Oyer, as news editor. Art Weaver 45 continues as business manager. Helen Wade 43, Sterling, Illinois, is feature editor; Barbara Esch 43, Dhamtari, C.P., India, society; and Robert Hess 43, Mt. Joy, Pennsylvania, sports. To fill the openings which the new appointments leave, Lois Yoder 46 joins the news staff and Jeanne McPherson 44, of Goshen, returns to the staff as one of the feature editors.

WEDDING BELLS

On November 14 Freda Maust 42, daughter of Mr. and Mrs. Ralph Maust, of Nappanee, was united in marriage with Robert Charles LaMar, Jr. 41, son of Mr. and Mrs. R. C. LaMar, of Hagerstown, Maryland. The service was read by the Reverend Edwin Boardman in the First Brethren Church in Hagerstown. After the ceremony the young couple left on a wedding trip to Virginia. Mrs. LaMar will continue to teach in the Paradise School near Greencastle, Pennsylvania, while Mr. LaMar completes his course in the School of Medicine of the University of Baltimore. He will graduate in March with the class of 1943. Dr. LaMar attended the Baltimore meeting of Goshen College Alumni on December 9.

On Sunday, November 15, Esther Leer x42, daughter of Mr. and Mrs. Lawrance Leer, of New Paris, was united in marriage with John Krauter, of LaPorte, son of Mr. and Mrs. Ernest Krauter, of Goshen, in the Methodist Church of New Paris. The Reverend C. W. Choker read the service in the presence of two hundred seventy-five guests. Mrs. Krauter is employed in the Auditor's office in Goshen. Mr. Krauter has been the tester for the Pure Milk Association in LaPorte County for four years. The newly wedded couple left for a two-weeks wedding trip to Salt Lake City. At the end of that time Mr. Krauter will be inducted into the armed forces.

Christine Logan x41, daughter of Mr. and Mrs. Warren Logan, of Goshen, became the bride of Franklin J. Lynn, son of Mr. and Mrs. J. R. Lynn, of Goshen, on Saturday evening, November 14, in the Sugar Grove U. B. Church, north of Goshen. The Reverend C. F. Priest read the service in the presence of two hundred guests. Mr. Lynn is employed by the L. G. Press Corporation of Elkhart. For the present Mr. and Mrs. Lynn will reside with the groom's parents. The bride is employed as a teacher in the Concord Township East Side School. She called at the Dean's office recently to make arrangements to continue college work in order to complete the requirements for a degree.

On Sunday, December 20, Francis E. Troyer 37, son of Mr. and Mrs. Jerry C. Troyer, of Shipshewana, and Shirley Holaway 36, daughter of Mr. and Mrs. Clarence J. Holaway 28 (Ella Mullet 14), of Nappanee, were united in marriage at the home of the bride's parents, the Rev. Raymond Yoder 38, superintendent of the Chicago Mennonite Mission, officiating. Mrs. Troyer is teaching in the Ullery School in Roseland, north of South Bend. Mr. Troyer is on detached service under the National Service Board and is employed in the Duke University Hospital at Durham, North Carolina.

On Christmas Day Harold Oyer 42, son of Deacon and Mrs. E. H. Oyer, of Eureka, Illinois, was united in marriage with Esther Hartzler, member of the graduating class of December, 1942, daughter of Mrs. Floyd Hartzler, of Goshen, at the Eighth Street Mennonite Church, the Reverend George Stoneback officiating. They were accompanied by Edward Alderfer 43, of Blooming Glen, Pennsylvania, and Helen Wade 43, of Sterling, Illinois. Mr. Oyer is employed in the Roosevelt Junior High School in Peoria, Illinois. Mrs. Oyer also expects to teach in Peoria.

On Christmas Day Dr. W. Morrice Kelly x39, son of Dr. and Mrs. W. R. Kelly, of East Monroe Street, Goshen, was united in marriage with Elizabeth Most, daughter of the Reverend and Mrs. Richard A. Most, of 4547 Kenilworth Street, Fort Wayne. The service took place in St. Johns Reformed Church, the bride's father officiating, assisted by the Reverend John W. Myers, pastor of St. Johns. The bride is a graduate of the City Hospital School of Nursing of Indianapolis and will begin work on the graduate staff of City Hospital after the first of the year. Dr. Kelly is a graduate of Indiana University School of Medicine and will begin his internship at the Indianapolis City Hospital on January 1. Dr. Kelly was a student at Goshen College during the year 1935-36 and transferred to Indiana University at the beginning of his sophomore year.

The alumni office does not have the details but Dorothy Zook, of Lancaster, Pennsylvania, who completed the secretarial course last May, is now Mrs. Alvin Zeiset, of Brownstown, Pennsylvania.

On Christmas Eve at the home of the bride's parents, Grace Sieber 40, daughter of Mr. and Mrs. B. B. Sieber, of Freeport, Illinois, and John E. Leu, son of Mr. and Mrs. Clarence Leu and a member of the Lockport Mennonite Church, near Stryker, Ohio, were united in marriage, Reverend Jesse Short performing the ceremony. The bride is teaching a rural school near Freeport, Illinois. Until recently Mr. Leu has been stationed in Camp Henry at Henry, Illinois.

JUNIOR ALUMNI

Judith Katharyn, daughter of Mr. and Mrs. Dwight Yoder 37 (Olive Yoder 36), was born September 17.

Mr. and Mrs. Paul George x34, of South Bend, are the parents of a daughter, Kathlyn Marie, born October 27 in Epworth Hospital.

Donald Sahli x37 is instructor in the social sciences in the high school at Perry, Ohio. He holds both the B.A. and M.A. degrees from Ohio State University. Mr. and Mrs. Sahli have a lovely home in Perry and are the parents of two daughters, Sarah Jean and Donna Lee.

Dr. Albert Hershberger 25 continues to enjoy his work with the Dupont Cellophane Company at Buffalo. Mr. and Mrs. Hershberger are the parents of two children, Beverly Ann, three and a half years old, and Ronald Albert, one and a half.

Mrs. Ruth Ebersole Rasmussen 11 continues her work as librarian at the public library of the Buffalo City Hospital, but she maintains her residence in North Tonawanda, New York.

Martha Yoder 30, formerly of Wooster, Ohio, is employed by her brothers in their greenhouse business in Barberton. She enjoys that work more than teaching.

The editor's recent trip to the East was the means of making a number of alumni acquainted with each other. In making plans for a meeting of Goshen alumni at Buffalo Mrs. Rasmussen discovered that Henry Senger 03 has been living for years only a block and a half from the library where she is employed. Mr. Senger is one of the old and trusted employees of the Railway Express Company in Buffalo. Mr. and Mrs. Senger are the parents of two children, a daughter, Inez, and a son, Laverne. The daughter has completed her college course.

Ira Yoder x14, member of Yoder Bros., florists, operating an extensive chain of greenhouses in Barberton, Ohio, continues to enjoy his work in floriculture. Mr. Yoder completed the academy course at Goshen College in 1910, spent the following year at Goshen College, one year at Michigan State, and after two years was graduated from Cornell University. Mr. Yoder attended the meeting of Goshen College alumni, held at the home of Mr. and Mrs. D. B. Zook 02 (Lena Landis 05) on December 1.

James S. King, husband of the former Mary Kauffman x30, of West Liberty, Ohio, is employed as a foreman in the Dayton Alkali Company at Painesville, Ohio. They and their three-year-old son, Jimmie, Jr., live in a neat brick residence, delightfully situated at 53 Chestnut Street, Painesville.

Robert J. Shank 35 continues to enjoy his work in Bell Telephone Laboratories in New York. "Bob" seems to be gaining the confidence of his superiors and to be carrying forward the Goshen tradition for dependable service. Several times lately he has been called upon to deal with particularly difficult problems in the field of radio and telephonic communication. Recently, for instance, they sent him on a trip by airplane to Florida as a "trouble shooter." Mr. Shank visited friends in Goshen during the Christmas vacation.

John M. Baer x33, of Hagerstown, Maryland, is building a large produce business. He is the leading promoter and stockholder in both firms, Baer Brothers at Hagerstown, Maryland, and Baer Brothers and Company at Frederick, Maryland. Baer Brothers includes John M. Baer and his brother, Martin Baer. Baer Brothers and Company at Frederick consists of John M. Baer and Milton and Niemann Brunk, formerly of Goshen. Baer Brothers at Hagerstown have just moved into a large brick building completely equipped with refrigeration locker service. The large solidly constructed brick building was formerly a brewery. Baer Brothers are storing 25,000 bushels of apples, and 40,000 cases of canned milk for the government, are doing a tremendous refrigerator locker service for private consumers, and are carrying on a large produce business. Baer Brothers employ Amos Baer x37, who is married and has one child. The plant of Baer Brothers and Company at Frederick is largely in charge of Milton and Niemann Brunk who alternate as salesmen and warehouse managers. The plant at Frederick is not so large as the one at Hagerstown, but is equipped to handle a large volume of produce and cold storage business. Mr. and Mrs. Dwight Yoder

E. A. Meyer 20 is assistant director of the Food Division of the War Production Board. He is in charge of government requirements of dehydrated, fresh, canned, and frozen foods. Mr. Meyer participated as one of the government counselors in the Food Processing Industries Convention held December 14-16 at the Palmer House in Chicago.

It was the good fortune of the editor recently to enjoy a visit to the plant of the C. H. Musselman Canning Company. It is one of the unique plants of America. The editor brought away from the plant a sheaf of pleasant memories; the fragrance of boiling apples; nimble fingered girls filling cans with the luscious fruit; busy offices, where work was performed expeditiously but without hurry; and a general impression of a smooth working, highly efficient, well co-ordinated organization. A brief chat with the president, C. H. Musselman, brought back memories of the days when Mr. Musselman and the editor were students together at the Elkhart Institute.

Early in December fire destroyed a large part of the canning factory of I. Z. Musselman x03 at Orrtanna, Pennsylvania. The $150,000 loss was only partly covered by insurance. Fortunately the sole warehouse untouched by the fire contained a large part of the 1942 season's pack.

On his recent eastern trip the editor enjoyed a visit with Mr. and Mrs. A. M. Hess 06 (Anna Kauffman 04) at Shiremanstown, Pennsylvania, where they have taken a large part in the civic, religious, educational, and cultural life of their community for the past thirty years. During that period Mr. Hess has raised forty acres of sweet corn each year on a forty-acre farm. During the past summer he sold 5,500 dozen ears of sweet corn and dehydrated the remainder of the crop, approximately five tons. He sells this dehydrated sweet corn and also homemade scrapple and sausage on the Wednesday market at Harrisburg. Mr. Hess is a senior member of the session of the Market St. Presbyterian Church in Harrisburg and a member of the executive committee of the board of directors of the Lemoyne Trust Company. A number of years ago when he was a member of the local school board he succeeded in having erected a fine modern centralized school building which his neighbors consider a monument to his public spirit and foresight. As has been their custom for a number of years Mr. and Mrs. Hess have made a generous donation of dehydrated sweet corn for use in the Goshen College dining hall.

Mrs. Lowell Hershberger (Clara Lehman x42), of Orrville, Ohio, is making good use of her natural literary talent by writing a series of articles on "Letter Writing" for the **Youth's Christian Companion.**

Paul M. Weaver x39 is treasurer and business manager of C.P.S. Camp No. 43, PRRA, located at Adjuntas, Puerto Rico. He is also superintendent of male nurses in the men's ward of the hospital. After completing the freshman year at Goshen College in 1935-36 Mr. Weaver transferred to Manchester College where he was graduated in 1939 with the degree B.S. in Secondary Education. The Director of Camp No. 43 speaks very highly of Mr. Weaver's service.

Muriel Barnard 37, of Goshen, is engaged in Social Service with the Elkhart County Welfare Department with offices in Elkhart.

Edward F. Martin x09, formerly business manager of Goshen College and at present director of the Indiana-Michigan District Mission Board, has moved to the city of Elkhart. The address of Mr. and Mrs. Martin is 500 Garfield Avenue.

Ralph Myers 29, teacher in the Concord Township high school at Dunlap, was elected superintendent of the Evangelical Sunday School at Dunlap in December. Mrs. Myers was elected pianist.

Mr. and Mrs. Thomas Hutchinson (Rose Adams 35) and son Stephen are living in New York City where Mr. Hutchinson has accepted a position with the National Opinion Research Center.

Lowell Hershberger x41, formerly located at C.P.S. Camp No. 28 at Medaryville, Indiana, has been transferred to the Duke University Hospital Unit at Durham, North Carolina.

Charles Webb 39, of Goshen, formerly educational director of C.P.S. Camp No. 6 at Lagro, Indiana, is now on detached service doing hospital work in New York.

L. S. Weber 18, missionary in South America, stationed at Puan 1427, Dep. 1, Buenos Aires, writes under date of November 7. Not only on account of its news but also on account of the interesting sidelights on transportation and censorship the quotation is given at length. "We had the pleasure of entertaining Dr. John Schmidt for a few days while on his way home from the Mennonite Colonies in Paraguay.

Vernon Schmidt, who has been working as constructor in the Colonies, also came with him, and is spending a few days in the city here in the interests of Brethren in Paraguay. He visited a few of our stations in the interior. Dr. Schmidt was to sail from Valparaiso last week. We have word from Brother O. O. Miller that a missionary party en route to Africa is to spend a few days here in Buenos Aires. Unfortunately the date was cut out of his letter so we do not know when to expect them. We also understand that Brother and Sister Shank are to arrive via Chile sometime during this month. We shall be glad to receive them back into our missionary force. As far as we know all the missionaries are in good health at this time. In three different places campaigns are in progress in tents. Brother Snyder is serving as his own evangelist in Carlos Casares. In Trenque Lauquen, Brother Herrera is doing the preaching, and in the Hill district of Cordoba, Brother Pablo Cavadore is rendering his services. There is good interest and definite fruit in these various campaigns. We could use a few more native evangelists if we knew where to secure them. Pray for the lost in this needy Republic."

Alumni will recall that in the last issue of the NEWS-LETTER reference is made to the difficulty of securing adequate help at the Mennonite Orphans' Home at West Liberty, Ohio. The following communication from Loren King 31, dated November 5, shows that the situation still is very trying. The Home seems likely also to lose the services of the superintendent through the draft. "The labor question is still a large one. After securing the promise of a sister to serve as girls' governess we proceeded to take in six more girls. In the meantime this sister secured employment elsewhere. . . . We do have several sisters who are interested and will be able to secure them if their families can see fit to give their consent. . . . I am going to Bellefontaine this evening to take my physical examination. I suppose I will have a better chance to secure deferment at least for a while until someone else can be found for this job who is older."

President and Mrs. Miller were called to Columbus Grove, Ohio, on Thursday, December 30, by the death of Mrs. Miller's brother, Sharon Blosser.

The Mission News Bulletin carries the following item in the issue of December 16: "We are glad to announce the safe arrival of Brother and Sister J. W. Shank and Sister Lois Lauver in South America. According to plans they expect to arrive at Buenos Aires, December 7. Lois Lauver, a daughter of Brother and Sister William Lauver, did not go to South America as a missionary, but went hoping to take up nurse's training in Argentina."

Lieut. and Mrs. George Prekshott (Amy Enss x32) are living in Boston. Lieut. Prekshott is a chemical engineer and is finishing his course for the Ph.D. at Massachusetts Institute of Technology.

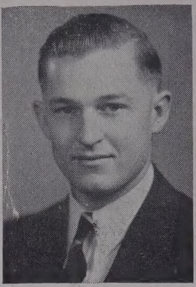
Mr. and Mrs. J. J. Smoker 10 (Mary Landis 12) and their daughter, Ardith, of Monroe, Michigan, visited friends in Goshen during the Christmas holidays. Their son, Robert, is in the armed service. He had been located at Colorado Springs, but has been transferred to take up the study of meteorology.

Mary Ellen Oesch x42 of Meadville, Pennsylvania, is now living at Clarence Center, New York. She is an elevator operator in Buffalo.

Gladys Derstine 42, formerly of Doylestown, Pennsylvania, now lives at Fountainville, Pennsylvania, and is employed by F. M. Detweiller in the office of the Doylestown Building Company.

BELATED NEWS ITEMS

On December 5 in the bride's home church, the First Mennonite Church of Berne, Indiana, Maurice Burkholder 39, son of Mr. and Mrs. M. I. V. Burkholder x01 of Nampa, Idaho, and Agnes Neuenschwander were united in marriage, the Reverend C. H. Suckau officiating. Dr. Waldo J. Lehman 38 was best man.



Maurice Burkholder

The bride is a native of Berne, and received her B.A. degree at Wheaton College in 1941. While at Wheaton she was a part time secretary in the President's office and was a staff member for several months following graduation. She began working in the offices of the National Broadcasting Company in Chicago in the fall of 1941 and at present is a secretary in the Network Sales Department.

Mr. Burkholder began his last three months of school on January 4 as a clerk at the Micheal Reese Hospital in Chicago. The first six weeks will be spent in surgery and the last six in medicine. He will complete his course in the School of Medicine of Northwestern University in March and is scheduled to begin his interneship at the Cook County Hospital on July 1. He has been doing extra-curricular hospital duty at the Chicago Memorial Hospital since October 1 as an extern and anesthetist. He expects to continue this work until July.

The editor does not have the complete data, but John E. Smucker x40 of Wooster, Ohio, was married recently, and with his bride is living at 110 West 10th Avenue, Columbus, Ohio. Mr. and Mrs. Smucker attended the meeting of alumni at Columbus, Ohio, on December 12. Mrs. Smucker is employed as a secretary in Columbus.

On December 16 Arthur Eigsti x41, formerly of Gridley, Illinois, and Bessie Bennell 39 of Chicago were united in marriage. Raymond M. Yoder 38, superintendent of the Chicago Mission, officiated. Mr. Eigsti is doing research work in chemistry for the United States Government, and Mrs. Eigsti is continuing her work at the Lutheran Deaconess Hospital in Chicago.

Dr. and Mrs. H. Claire Amstutz 33 (Florence Badertscher Amstutz R.N. 35) are the parents of a third daughter, Carolyn Ann, born January 4.

Mrs. A. H. Brechbill (Cora Miller) of Dillsburg, Pennsylvania, passed away on January 3. She was buried at Harrisburg on January 5. Mrs. Brechbill was a sister-in-law of Mrs. J. M. Blosser, of 204 North Indiana Avenue, Goshen.

ALUMNUS PRESENTS BOOKS TO COLLEGE

Dr. Solomon F. Gingerich of Eureka Springs, Arkansas, recently donated to the College library two of his books and a reprint of an article. The reprint is from Essays and Studies in English and Comparative Literature, printed by the University of Michigan Press in 1932, and is entitled, The Conception of Beauty in the Works of Shelley, Keats and Poe. The books are **Essays in the Romantic Poets**, a series of essays on Coleridge, Wordsworth, Shelley and Keats, a volume printed by the Macmillan Company in 1924. Dr. Gingerich also included his most recent work, **Poems and Comments** printed by the Bethel College Press at North Newton, Kansas, in 1942. The latter volume sells for twenty cents. The publishers report a steady sale of the book.

Increasing the Momentum of Our Sacrifice

At present there is great acceleration in the promotion of the war. There is a very noticeable increase in the number of draftees inducted into military service. There is sudden and swift action to place all our food production and many other essential commodities under a system of rationing. Young men and women left in our colleges are asked to pursue their course at an accelerated pace. We are beginning to understand that the "present emergency" is going to be a more serious business than we thought.

With this increasing momentum and fevered anxiety, it will be increasingly necessary for everyone to show justification for what he or she is doing. We are realizing an acute labor shortage. Women are now driving taxicabs in Philadelphia. They are also rapidly replacing service men in depots and hotels. The service flag of the Pennsylvania Railroad already contains over 16,000 stars. Especially are all able-bodied young men expected to be either in some service of importance or in preparation for such service. We must know what we are doing and why we are doing it.

A shift, too, is taking place in what is considered important. In normal times young men and women in the general age level from eighteen to twenty-two are free to elect studies designed to "prepare them for life." Of recent years this large body of students has consisted roughly of 700,000 young men and 500,000 young women. The operation of the Selective Service Act soon will have removed from the colleges most of these young men. Such as remain or are returned to the college will be pursuing mostly studies not to "prepare for life" but for some immediate service. The studies pursued by the groups being trained for Army and Navy service will be highly specialized and the aim will be to make them efficient in the war effort. There will be little scope for studies of the liberal arts, and as the president of one of our large eastern universities admitted with regret "the humanities are out for the duration." This dislocation of our educational system is perhaps the most serious we ever have been called upon to face. Goshen College can make her best contribution in these times along three lines.

In the first place, she should have some part in helping to keep alive a program of liberal arts. As an institution associated with one of the historic peace churches, many of the short-cut war programs are not a part of her pattern. This makes it the more imperative that she should make some contribution in terms of what Wendell Willkie calls "freedom and the liberal arts." Mr. Willkie says:

> In fact, so important are the liberal arts for our future civilization that I feel that education in them should be as much a part of our war planning as the most obviously needed technical training. . . . Furthermore, the men and women who are devoting their lives to such studies should not be made to feel inferior or apologetic in the face of a P.T. boat commander or the driver of a tank. They and their fellow citizens should know that the preservation of our cultural heritage is not superfluous in a modern civilization; it is not a luxury. It is, in fact, what gives meaning to that civilization. It is what we are fighting for. And they are serving their country just as surely in fitting themselves to preserve it as are the men who fly planes or man the ships or fire the guns.

Goshen College must undertake her share of that challenge voiced so effectively in behalf of the promotion of our cultural heritage.

Goshen College can make a contribution by continuing to train people vocationally for essential civilian projects. The War Manpower Commission has certified that there exists a serious need for additional persons in certain of the professions. These persons are needed to promote services essential to the health, safety, and welfare of the nation. Goshen serves by preparing her students as teachers, as doctors, as dentists, and as ministers of the Gospel.

Again, Goshen College must make a definite contribution in these times by preparing young people to take part in relief and postwar reconstruction. With the conclusion of the present war, if not before, one of the great needs of many of the areas of the world will be the relief of suffering and the reconstruction of normal life. We have long been of the opinion that the men best qualified to do this reconstruction work will be the men who have a firm Christian conviction and who along with that conviction have a specialized training preparing them definitely for that task. We have undertaken the responsibility of setting up such a specialized training program and to its good execution we will give much of our time and thought during the coming summer session.

A few days ago I read a statement by the President of Wooster College in which he said that his institution was ready to put its faculty, its buildings, and its equipment at the disposal of the Government, without profit and in any way most helpful to the war effort. We no less, in terms consistent with our convictions and ideals, stand ready to make available our facilities to serve relief and postwar reconstruction agencies.

Recently a man on speaking terms with high Government officials told me that although there is no change in the feeling that the legal provisions providing for alternate service for the conscientious objector is good and correct, there is, nevertheless, a growing feeling that in terms of these more serious times the conscientious objector must move forward in his readiness to undertake more difficult and more dangerous tasks. We must increase the momentum of our sacrifice. Following the last war a number of Goshen students engaged in relief work in France, in the Near East, and in Russia. One of the finest young men ever graduated from the college went out to Russia and never returned. I am confident that the students of today are no less ready to endure sacrifice and encounter danger in giving expression to their convictions and ideals.

ERNEST E. MILLER, President
Goshen College

I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service.

—THE APOSTLE PAUL.

Civilian Public Service Training Corps

Goshen College has been chosen as one of the four Mennonite colleges where special programs of study have been established to prepare students for foreign relief work after the war. These programs are established in the belief that many Christian young people who for conscience' sake refuse to take part in military service would be eager to prepare themselves for relief and reconstruction work abroad after the war. The program of relief training has been given a great impetus by a regulation of Selective Service which permits men promising to give at least twelve months of their time after the war to foreign service to remain in college for a time on detached service from C.P.S. camp. Although the C.P.S. Training Corps is composed entirely of men on detached service from camp, this does not mean that the educational program is limited to men. It is sincerely hoped that a good number of young women will also be interested in preparing themselves for this type of work.

REQUIREMENTS FOR ADMISSION. To be admitted to the C.P.S. Training Corps one must have received a 4-E classification from his local draft board. If the candidate is a regularly enrolled student at Goshen College at the time he receives this classification, he may be admitted to the corps on the regular college quota, but if he is not in college at the time he will wait until he is inducted into camp and there apply for admission under the camp quota. In addition to the draft classification requirement, however, the applicant must also meet certain academic and personality qualifications. He must make satisfactory grades in mental aptitude and general achievement tests. During his college course he must maintain at least a C average in order to be continued in the program. Each student is also interviewed by various members of the faculty who determine whether he has suitable personality qualifications for foreign relief work.

COURSE OF STUDY. Men and women of varying skills will be needed for foreign relief work. Some will have special training in building and road construction; some, in motor mechanics; some, in business administration; some, in nutrition; and some, in nursing. Part of this specialized training can be secured at Goshen College; the remainder will have to be secured in highly specialized training schools. It is the purpose of the Goshen College Training Corps program to give the student the broad background that is expected of people doing relief work abroad. A complete eight-semester course of study has been printed in the new issue of the Goshen College catalogue and anyone wishing detailed information should consult this source. Should the detached service appointments be too short to permit the full eight-semester program, however, suitable studies can be chosen for a shorter course.

At a suitable time the student will be sent to a special summer training school for further specialized training in relief work. For the summer of 1943 this special training school for Mennonite students will be located at Goshen College. Here the student will receive an intensive knowledge of the area in which he plans to work: the history of the area, the religious and cultural background of the area, and the geography and economic and political life of the area. He will also be given a special course in relief administration taught by men with actual experience on the field, in community hygiene taught by the college physician, and in the history and philosophy of Mennonite relief. This course is open to qualified women as well as to men who are members of the C.P.S. Training Corps.

For further information on this aspect of the program of Goshen College, write to the local officer of the Goshen College C.P.S. Training Corps Unit, Dr. Carl Kreider, Goshen College, Goshen, Indiana.

Relief Training

Throughout our history the small colleges of liberal arts have been and are the seedbeds of leadership. The finest traditions of our country are rooted in their associations and inspirations.

—HERBERT HOOVER.

Why College Now?

Since the college generation of our country is being called for wartime service by the government, the above question is extremely pertinent. We can answer it by saying that there is no reason for young people to go to college when our country needs every ounce of manpower to win the war.

But, such an answer fails to consider the future. Today young men are being trained in technical skills and young women are taking defense jobs. After the war they will need to get back into civilian life. They will be the school teachers, business men, farmers, laborers, and professional men in the postwar era. Their voice will need to be heard in our democratic government. Education and democracy depend so closely upon each other that neither can long survive without the other.

Therefore, every young man and woman with leadership ability needs to continue his education until the government calls to other fields of service. Those who are not called to special service dare not miss the opportunity of training for leadership now. There is danger that the urgency to win the war may alter to the damaging point the system of liberal education upon which our American way of life has been built and prevent American young people from securing the training necessary to be leaders in the peace which is to follow.

Goshen College offers a four-year liberal arts curriculum with a Christian emphasis leading to the B.A. and B.S. degrees and a two-year curriculum leading to the Associate in Arts degree. In addition, a five-year theological course is offered leading to the Th.B. degree. Each of the five divisions of the College is prepared to contribute its part to the present emergency.

The church must not permit the college from which she has drawn her ministry to drift into inferiority. The Christian aim and character of these colleges must be preserved. To this end denominational colleges must be more generously supported.

—JOHN R. MOTT.

Instruction

Division of Language, Literature, and Fine Arts

Goshen College provides an enriched curriculum in literature, languages, music, speech, and art, which will develop in the student the ability to think, to express himself, and to enjoy the fine arts provided by a freedom-loving people who have the education necessary to govern themselves.

Important as technical skills are today, the youth of our nation dare not overlook the equally important liberal education required to provide an equitable and lasting peace. Only the broadest perspective obtainable through a liberal education can provide us with the power to come back from war to a normal, democratic way of life.

The importance of a liberal education was emphasized recently by the Dr. John W. Nason, President of Swarthmore College:

> The truth is that in total war a liberal education matters just as deeply as technical training. Without the latter the war will not be won; without the former the victory will be worthless. It is inevitable that there will be many fewer to enjoy the liberal education. That makes it more imperative to preserve the liberal arts for those who are available.

To the student who accepts the challenge of our generation, Goshen College offers a liberal education in leadership training.

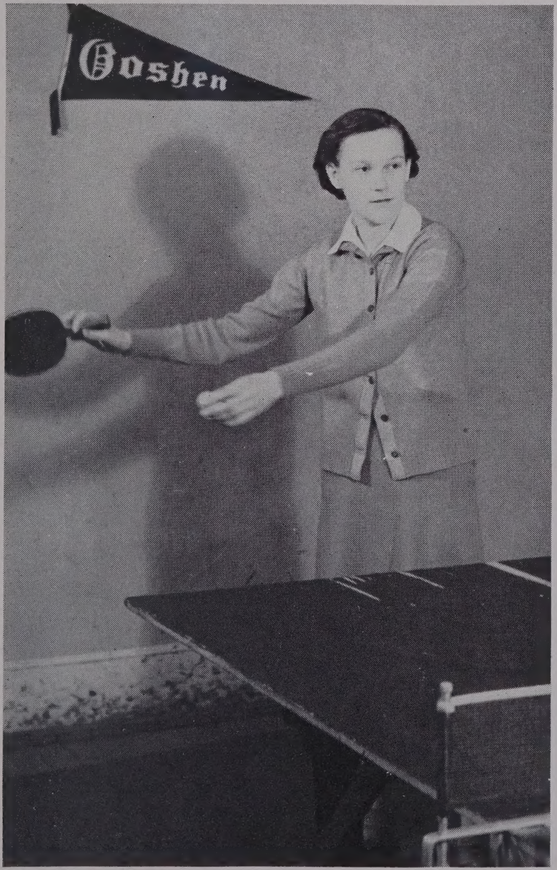
Division of the Social Sciences

The economic problems growing out of an increased national debt and the sociological and political problems involved in making the peace, offer unlimited opportunities for service to the young person who will prepare himself to meet them.

The United States Government is already planning for postwar relief and government officials indicate that one of the greatest needs will be personnel. Former Governor Herbert H. Lehman, head of the Office of Foreign Relief and Rehabilitation Operations, has made known his intentions to co-operate with colleges and universities in training field administrators instead of setting up a separate training organization for relief workers. The relief training program as organized by the college and described on page 3 of this bulletin, has been set up in the Social Science Division. Anyone interested in relief work can secure training in this field without being a member of the Civilian Training Corps.

Young women interested in secretarial training may register in the one-year secretarial course, which grants a secretarial certificate. While taking secretarial training the student can participate in student activities and dormitory life, advantages not available at the ordinary business college. Graduates from this course have had unusual success in securing positions.

Goshen College offers majors in economics, Sociology, history, and social science to students interested in the social sciences.



Recreation

Health Service

Division of the Natural Sciences

Young men who train now for jobs of national importance in engineering, chemistry, mathematics, and physics will undoubtedly have abundant opportunities for industrial positions when the exigencies of war have passed. Selective Service is granting deferment to young men registered in these fields in recognized colleges.

Goshen College offers preprofessional training in medicine, dentistry, veterinary medicine, and engineering. Students who are registered in the premedical, predental, or preveterinary courses at the time they register with Selective Service and who will complete their preprofessional training by July 1, 1945, are eligible for deferment by their local boards according to a recent ruling by Selective Service.

Young women interested in nursing may register in the prenursing course which leads to a B.S. in nursing and requires two years of college and the R.N. degree. Goshen College affiliates with the Mennonite Hospital at La Junta, Colorado, in granting this degree.

The following majors are offered in the field of natural science: biology, botany, chemistry, mathematics, physical science, physics, home economics, and natural science for nurses.

Division of Bible and Philosophy

The saying, "There are no atheists in the fox holes of Bataan," has been given wide circulation in support of the religious beliefs of the American soldier. War brings men and women face to face with the realities of life. The results of war—famine, disease, and death—will cause a serious strain on the spiritual resources of our generation.

Consecrated Christian youth trained in the church schools of our country will face a challenge unparalleled in history. Our Government, recognizing this need, makes provision for the deferment of theological students. This is the time for young men and women to search their hearts and yield to God-given convictions to prepare for Christian service.

Students interested in such training will find either the five-year theological course or the two-year Christian Workers' Course suitable to their needs. The five-year course is organized on the basis of two years of general education and three years of Bible and theology.

Many opportunities for practical work are available. A few students assist in young people's work at the North Goshen Church which began as a student project more than ten years ago. Many others take part in the operation of two mission Sunday schools opened during the past year. Gospel team programs, visitation work, and jail services offer other opportunities for practical work.

Division of Teacher Training

The need for teachers in the public schools is becoming increasingly acute, not only because 39,000 have been drafted, but because some 37,000 have yielded to the appeal of higher wages in war industries. Recent statistics show that about 40,000 elementary schools have been closed for lack of teachers. In analyzing the situation, the March 29 issue of **Time** magazine indicated that teacher turnover is double the normal rate, that teachers' college enrollments fell 22.2 per cent this year, and that a shortage of 75,000 teachers is predicted for next year.

The seriousness of this situation is indicated by the experience of Great Britain. Disruption of elementary education there brought on a wave of juvenile delinquency which forced the government to consider teaching as an occupation of national importance during war time.

Children of school age need to be in school not only to prevent juvenile delinquency, but also to protect them from the emotional tension brought on by the

Library Reading Room

war. Because many children are exposed to war news and war discussions at home, the school teacher must be the stabilizing factor in the child's life and the school room must become a laboratory for sane, healthful living.

The teacher training program at Goshen College is designed to prepare teachers, not only in subject matter, but also in the psychological and religious skills required to meet the demand made upon teachers today.

Goshen College is prepared to train teachers for the secondary schools in Indiana, Ohio, Pennsylvania, Michigan, Illinois and other states. In the elementary field, Goshen College offers the four-year course leading to the B.S. in Education degree, and a two-year course leading to the Associate in Arts degree. Due to the emergency, some states which formerly required the four-year course for elementary teaching are now granting permits to teach with two or three years of college.

Registration for the Spring Session

New students entering college for the spring session should be here for registration on Saturday, May 1, from 8:00 to 12:00 a.m. Freshmen tests will be given on Monday morning, May 3, and on Saturdays during the first term of the spring session.

Students who must be in high school until the latter part of May, but who wish to take the second three weeks' term of the spring session, must be here by May 24. Anyone planning to complete two years of college by the end of the summer session in 1944, will not be able to do so unless he begins his work on May 24 and makes up the three hours of the first term of the spring session by taking extra hours next year.

Anyone desiring further information about registration should write to the Registrar, Goshen College, Goshen, Indiana.

Debt Liquidation Program Approaches Completion

Alumni who have not had access to figures on the debt liquidation program will be interested to know that cash contributions have reached the total of $91,991.04 as of March 29. Although the Board of Education holds pledges in addition to this amount well over the goal of $105,000, our goal has actually not been reached until the total has been received in cash.

The debt liquidation committee of the Mennonite Board of Education has decided to continue solicitation until the close of the fifteen-month period, June 1, 1942, to September 1, 1943, in spite of favorable returns. Additional contributions will be applied to debts held by Goshen and Hesston Colleges and not by the Board, such as the amortization of the Health Center, Coffman Hall Annex, and the Shoup property at Goshen.

Alumni who have not yet contributed to the debt liquidation program and those who would like to contribute again can be assured that their contributions will supply an important need. Certainly, eliminating the debts held by the Mennonite Board of Education will give Goshen College a boost in the right direction, and if we can all pull together to liquidate the **debts held** on the above **properties** at the same time, Goshen will be able to lift her head financially and look ahead to a much-needed heating plant, a gymnasium-auditorium, and a chapel.

Many of us cannot increase the momentum of our sacrifice by giving our time to our country or carrying relief to stricken populations in other lands, but we can increase the momentum of our sacrifice by giving more of our income to train young men and women for these tasks.

Quite a number of alumni have made donations to debt liquidation in the three and four figure brackets. A number of faculty members have contributed from three to seven per cent of their salaries. What will you give to help Goshen carry forward the torch of Christian education?

Send in your contribution today in cash or bond. Some alumni have not yet given. Others will want to send in an additional contribution.

Annual Alumni Reunion Planned

Plans are rapidly being concluded for the 1943 Alumni Reunion to be held in the College dining hall at 6:00 p.m., Saturday, May 1. Professor John Umble, '01, President of the Alumni Association, announces that Rev. Jesse Smucker, '18, of Bluffton, Ohio, has been secured as toastmaster.

The Executive Committee of the Association at a recent meeting decided to change the type of banquet program. As a special feature, Rev. J. S. Hartzler, of Elkhart, who broke the ground for the present Administration Building forty years ago and who gave much time and effort to the establishing of Goshen College, will give a fortieth anniversary toast. The usual toasts by representative alumni from the class of '43, '33, and '18 will be given. John Thut, representing the class of '23, and the Byler quartet from the College, will furnish the music. To conclude the program, President Miller will tell the alumni association about vital issues facing the College and the plans being made to resolve them.

The change in program gives opportunity for the usual expression from the alumni and also gives the College an opportunity to share problems and concerns stimulated by the emergency.

Although the number of alumni who will be able to come to the banquet will likely be curtailed, the Executive Committee urges the classes of 1938, 1933, 1928, 1923, 1918, 1913, 1908, and 1903 to plan reunions sometime on Saturday, May 1, for those members who can be here. The Alumni Secretary will be glad to give help in preparing mailing lists or sending out mimeographed letters for any class desiring help.

Alumni planning to come for the banquet are urged to send in **reservations** to the Business Office at least one week in advance. The price of the banquet has been set at seventy-five cents per plate.

THE ALUMNI NEWS-LETTER

THREE SUCCESSFUL YEARS

The 1943 Commencement Season marked the close of the third year of President Ernest E. Miller's service as head of his Alma Mater. During his second year the Coffman Hall Annex, now the home of Mr. and Mrs. Levi C. Hartzler, was erected.

The outstanding news of the past year was the inception, progress, and successful completion of the Mennonite Board of Education Debt Reduction Campaign. Although the idea originated in President Miller's mind, he insists on calling the campaign "our" project. The members of the Debt Reduction Committee are: O. O. Miller, Financial Agent of the Board, chairman; Presidents Milo Kauffman and E. E. Miller, of Hesston and Goshen, respectively; and C. L. Graber and Laban Swartzendruber business managers of the two institutions.

Credit for much of the field work must go to Rev. I. E. Burkhart, field secretary of the Board. He has been in the field almost constantly since the beginning of the campaign. In addition to the members of the committee, members of both Alumni Associations have been much interested in the campaign. Levi C. Hartzler, Alumni Secretary of Goshen College, has spent several months in active solicitation.

President Miller

President Miller was able to report at Commencement that over $100,000 in cash has actually been paid. In addition to this amount upwards of $15,000 has been pledged. The Mennonite Board of Education plans to continue the campaign for the period originally decided upon, that is, until August 31, 1943. Whatever funds are subscribed beyond the original objective of the drive, one hundred five thousand dollars, will be applied on special projects at Hesston and Goshen colleges. The raising of the one hundred five thousand dollars leaves the Mennonite Board of Education free of debt.

Since the success of the Debt Reduction Campaign is assured, President Miller has been giving his attention to other needs of the College. Outstanding among these is the new heating plant and a gymnasium-auditorium. As indicated elsewhere in these pages, the initial steps toward the erection of a new heating plant have already been taken and cash and pledges are being received for the gymnasium-auditorium. In addition to this, the Goshen College congregation is raising a fund for the erection of a church building.

COMMENCEMENT SEASON

The 1943 Commencement at Goshen College began on Friday evening, April 30, with the senior class program. As the class gift, the 1943 graduates pledged $1000 to be applied on the building of a gymnasium-auditorium. The program in every respect maintained a high standard of performance. The various addresses and orations sounded the keynote of loyalty to the College and appreciation for the training and inspiration received.

Alumni Reunion

On Saturday evening nearly two hundred alumni and friends assembled in the College dining hall for the annual reunion and banquet of the Goshen College Alumni Association. The menu and program were somewhat abbreviated but the consensus of opinion seemed to be that in loyalty and enthusiasm and in the quality of the toasts and addresses this year's meeting was outstanding.

Much of the success of the program was due to the Rev. R. L. Hartzler, member of the class of 1918 and director of the C.P.S. camp at Medaryville, who presided as toastmaster. Rev. J. S. Hartzler, of Elkhart, who held the plow handles at the ground-breaking ceremony for Goshen College in the spring of 1903 and who, as secretary of the College, supervised the erection of East Hall and of the administration building in the long, hot summer that followed, presented a vivid narrative of the events leading up to the choice of the present site of Goshen College. He also paid a glowing tribute to the late Anthony Deahl, Wilbur Stonex, and Rev. Dr. Henry L. Van Nuys for their part in the campaign to secure the location of the

College at Goshen. He mentioned especially the dedicatory prayer of the Rev. Dr. Van Nuys at the groundbreaking exercises.

Professor W. H. Smith, member of the class of 1928 and sponsor of the class of 1943, presented the sixty-seven four-year graduates, the largest class in the history of the College, for induction into the Alumni Association. Albert Wolf Miller, of Akron, Pennsylvania, responded, pledging the co-operation of the class of 1943 in the association's program of moral and financial support of Goshen College.

Dean Harold S. Bender in his toast to the class of 1918 recalled that his class had been graduated during World War I under conditions similar to the present. Two ministers and one other man were the only male members who had not been called by the draft before the date of graduation. The majority of the members of his class volunteered for foreign relief work and most of them saw foreign service during and after the war.

Dr. H. Clair Amstutz, of the class of 1933, toasted for that class. He gave an interesting review of the activities of the class since graduation. Three members of the class are practicing physicians; three, ministers; twenty-two, teachers; four, missionaries; four, businessmen; twelve, homemakers; one, a relief worker; two, editors; one, a registered nurse; two, directors of C.P.S. camps; one is in medical service (noncombatant) in U.S. Army; and three are deceased. This roster includes the elementary graduates in 1933, most of whom later completed the requirements for a degree.

The program closed with a brief address by President Ernest E. Miller in which he outlined for the information of alumni the recent progress of the College and the outlook for the future. President Miller reported that nearly enough cash had already been paid in to liquidate the debt of the Board of Education and that the amount pledged and the proceeds of the remainder of the program which ends on August 31, will be sufficient to liquidate the debt on special projects at Hesston and Goshen. These will include the Health Center and Annex to Coffman Hall. The Debt Reduction Drive has also provided necessary funds for operating expenses during the period of the drive.

President Miller spoke optimistically of the prospects for the early building of a badly needed heating plant provided priorities can be secured. He also mentioned a number of recent gifts to be applied on the building of a gymnasium-auditorium. The class of 1943 has pledged one thousand dollars for this purpose. E. A. Meyer, of Washington, D.C., has sent a check for an equal amount. Other friends of the College are interested in the project and will subscribe liberally when the time comes.

A large audience was present for Sunday school and church services Sunday morning. Rev. I. E. Burkhart, field secretary of the College, preached the morning sermon.

Gaul's "Holy City"

On Sunday afternoon an audience that packed the College gymnasium to the doors assembled to hear the combined A Cappella and Collegiate choruses render Gaul's "Holy City," under the direction of Professor Walter E. Yoder. The acoustics of the gymnasium proved excellent. The chorus was well directed, and the audience appreciated the rendition very much. The choristers were in good voice and most of them excelled their previous performances this year. Rosemary Roose 43, of Nappanee, and Mary Katherine Oyer 45, of Goshen, presided at the pianos. Soloists were, tenor, Warren Leatherman 43, of Doylestown, Pennsylvania, and David Byler 45, of Martinsburg, West Virginia; soprano, Thelma Miller 44, of Goshen; contraltos, Barbara Esch 43, Dhamtari, India, and Christine Blosser 46, of Columbiana, Ohio; bass, Roy Roth, of Morton, llinois. The combined choruses numbered one hundred twenty.

Baccalaureate Service

President Ernest E. Miller presided at the Baccalaureate service Sunday evening and Dr. S. C. Yoder delivered the Baccalaureate sermon on the text, "What Lack I Yet?" He dwelt on the theme that knowledge of the arts and sciences, useful and necessary as this knowledge is for a broad understanding of the needs of the world, must be supplemented by a knowledge and experience of the way of life that Christ taught in order to be effective.

He threw a ringing challenge to the members of the class of 1943 to accept and apply the Christian ethic and mode of life in attempting to bring order out of a disordered economic, social, and religious world.

The final chapel service and devotional meeting always marks a high point in the Commencement season. This year was no exception. Whether as a result of the war, or for some other reason, students this year seemed to be thinking more clearly and taking their responsibilities more seriously. Dr. C. Richard Yoder, under appointment for Near East Relief, spoke in the meeting.

Professor Glen R. Miller was chairman of the luncheon program in Chapel Hall Monday afternoon. This year the program featured some of the large number of parents of members of the class of 1943. Speaking on the program, among others, were John L. Yoder, of West Liberty, Ohio, and C. F. Yake, of Scottdale, Pennsylvania. Mrs. Adin Miller (Mabel Metzler 23) delighted the audience with a brief talk replete with humor. The program was interspersed with musical numbers consisting of solos, duets, quartets, and choruses.

Commencement Address

Dr. Gould Wickey, of Washington, D.C., Secretary of the National Conference of Church-Related Colleges, delivered the Commencement address to an audience that completely filled the gymnasium. Dr. Wickey, speaking on the subject, "Education for Freedom," showed that "the four freedoms" were not sufficient, because they were negative. They stressed "freedom from." He insisted that there must also be "freedom for"—freedom for expression, freedom for nations and groups from empire domination, and freedom for religious worship if by that is meant freedom from superstition, freedom for religious worship based on education in the understanding of true religion. To the "four freedoms" Dr. Wickey added a fifth: freedom from sin, freedom for loving, sacrificial service. Dr. Wickey pointed out that not the state schools, but only the Church-Related College could carry out a program of education for complete freedom.

He closed with a stirring appeal for the support of the church-related college. "The church-related college," he declared, "is the one type of institution of higher education necessary to achieve the freedoms for the world. It will present all the facts without fear or favor. It will interpret the facts from the point of view of eternity. It will suggest programs of action for the good of all peoples. It will appeal to the individual conscience on the basis of a personal God. It will present a wisdom with universal perspective inclusive of all values.

"More than ever America needs the church-related college. The declining European civilization, and the uncertainty in the orient offers to America the opportunity to build a Christian culture and civilization. Whether our civilization will be Christian or not, is dependent in largest measure upon the Christian college."

EDITORIAL CHAT

The editor received both commendation and condemnation for a few of the items in the last **News Letter.** In some cases both types of criticism came from different sources for the same item. May the editor presume to remind his readers again that he does not make the news, he merely records it.

The accelerated program, making the commencement news available more than a month earlier than in previous years, has made necessary a change in the date of the **Alumni News Letter.** Formerly commencement announcements appeared in the May issue and a report of the activities in the July issue. This year what was formerly the May issue is being printed at the same time as formerly, but it is being called the June issue because it was necessary to print the June **Bulletin,** the Young People's Institute Number, a month early. As we go to press, the fate of the July issue of the **Bulletin** is still in the balance. The next issue of the **Alumni Bulletin** probably will not appear in July.

THE EDITOR'S "FAN MAIL"

The editor of the **News Letter** sometimes feels like the poet who wrote:

> "I shot an arrow into the air;
> It came to the earth, I know not where."

He often wonders whether the **News Letter** is worth the time and effort it costs to edit it. Hence, he appreciates the many notes which came to his desk after the January **News Letter** was mailed. The following are typical. The first is from a busy teacher in a state college; the second is from the pastor of a thriving Mennonite congregation:

Good Friend Umble:

Just a note to thank you for the interesting, newsy copy of the Goshen College Bulletin that came to me this morning. Before I did any of the many things waiting to be done, I took time off to check through the pages of the Bulletin. I was delighted to see the names of many former friends whom I knew during my years at Goshen, and since then. Many of them are filling places of importance in the crisis we face today. In fact, I was delighted to note the many evidences of success the graduates of Goshen College are enjoying—this is the real test of the work of a college.

John:

Stopped at the post office to pick up my mail and missed lunch reading the News-Letter before I went home. Extremely interesting. Tell your good wife that in my humble opinion Umble is doing a good work.

Another valued friend states that the rural mail carrier usually leaves the mail in her box just as the family finishes the noon meal and that on the day when the **News Letter** arrives the dish water cools off while she reads alumni news.

Send in your news items. Alumni find them interesting.

CLASS OF 1943

(Continued from page 3)

Carol Waybill, White Cloud, Michigan.
Carolyn Weaver, Denbigh, Virginia
Mabel Yoder, Middlebury.
Verelda Zook, Eureka, Illinois.

The following members of the class of 1943 will receive their degree on the date indicated after they complete the work for which they are registered in the spring and summer sessions.

CANDIDATES FOR THE DEGREE OF ASSOCIATE IN ARTS

To receive degree August 13, 1943—

Alberta Mae Augsburger, Middlebury.
Marilyn Joyce Hartzler, Topeka.
Lois Luree Miller, Louisville, Ohio.

CANDIDATE FOR THE DEGREE OF BACHELOR OF SCIENCE IN NURSING

Lois Elaine Erb, Wellman, Iowa. To receive degree on Aug. 13, 1943.

CANDIDATES FOR THE DEGREE OF BACHELOR OF SCIENCE IN EDUCATION

To receive degree June 11, 1943—

Melva Rose Lehman, Berne.
Esther Miller, Middlebury.

To receive degree August 13, 1943—

"Y" OFFICERS FOR 1943-44

The officers of the Y.M. and Y.W. of the coming year are as follows: Y.M. president, Weyburn Groff, of New Hamburg, Ontario; secretary, Ford Berg, of Kidron, Ohio; treasurer, Daniel Kauffman, of Hesston, Kansas; Y.W. president, Thelma Miller, of Goshen; secretary, Ruby Hostetler, of Elkhart; treasurer, Melva Kauffman, of Hesston, Kansas.

On account of the accelerated program, spring and summer sessions are of such increasing importance that special presidents have been elected to continue the work of the "Y" during the summer. Darwin O'Connell, of Lima, Ohio, will head the men's religious organization, and Areta Graber, of Goshen, the women's.

MEETING OF MENNONITE BOARD OF EDUCATION

On the recommendation of the Educational Policy Committee, the Board authorized Goshen College, beginning with the current year, to grant a B.S. degree in nursing for two years of college training in addition to three years of nurse's training. The two years of college work may be taken either before or after the R.N. has been received, but the B.S. degree may not be granted until the five years of work have been completed. The Board also authorized both Goshen College and Hesston College and Bible School, beginning with the current year, to grant an Associate in Arts, A.A., degree upon the completion of two years of required study, and also an Associate in Arts in Bible, A.A., degree for the completion of two years of required work.

The Board set aside $2500 for doing initial work necessary — securing engineering specifications and architect's plans — toward the securing of a new heating plant for Goshen College, and authorized President E. E. Miller and C. L. Graber, business manager, to be responsible for expediting the matter. The Board also authorized the Executive Committee to proceed with plans for erecting a heating plant if and when materials are available, the necessary money for the plant to be raised as needed.

All of the officers of the Executive Committee whose terms had expired were re-elected for a two-year term. Present officers of the Executive Committee are: Bishop D. A. Yoder, president; J. B. Smith, vice-president; C. F. Yake, secretary; Bishop H. R. Schertz, treasurer; O. O. Miller, financial agent; Oscar Burkholder, sixth member. Bishop Edwin Yoder was re-elected endowment custodian.

ANOTHER ALUMNUS WRITES A BOOK

Dr. C. Raymond Van Dusen x30, assistant professor of speech and director of the Speech Clinic at Michigan State College, is the author of a book **Training the Voice for Speech** which came from the McGraw-Hill Press in December. The book includes sections on ear training, physical preparation for vocal activity, voice production, care of the voice, and correcting vocal defects. Professor Van Dusen received his training in voice correction at the State University of Iowa where he was granted the degree, Doctor of Science.

THE CHICAGO REUNION

The thirty-fifth annual dinner of the Chicago branch of the Goshen College Alumni Association was held on Saturday evening, April 10, at the Harriet McCormick Y.W.C.A., 1001 North Dearborn Street, Chicago. During the social hour, from six to seven o'clock, old acquaintances were renewed; and the spirit of fellowship continued throughout the dinner.

Lester T. Hershey 36, president of the Association, conducted the business meeting during which the following officers were elected for the ensuing year: president, Donald Smucker x31; vice-president, Lela Schertz 30; secretary-treasurer, Mrs. Ivan Brunk (Ann Jennings 36).

The Association also voted to send their thirty-five-year-old secretary book to the Mennonite Historical Library for safe keeping. Professor Kurtz was the only one present who had been at the first meeting thirty-five years ago.

After the business meeting the following program was given: Piano Duet, Edith King 40 and Dana Troyer x40; "Personality Key," Ruby Hostetler 46, of Goshen College; Vocal Solo, Helen Hoover x43, now of Northwestern University; illustrated address, "Goshen College in Color," Levi C. Hartzler 35. The meeting closed with the singing of the Alma Mater.

The officers of the Association for 1943 were Lester Hershey, president; Dr. Elmer Landis x23, vice-president; and Mrs. Ernest Smucker (Mary Liechty, R.N., x42), secretary-treasurer. Mrs. Elmer Landis and Mrs. Amos Neff served as a reception committee. Mrs. F. D. King (Laura Smith x12) serves as permanent secretary in charge of keeping an accurate mailing list of all alumni in Chicago and suburbs.

WEST LIBERTY ALUMNI MEET

The annual meeting of alumni in western Ohio was held at the Mennonite Orphans' Home, West Liberty, Ohio, on Friday evening, April 16. About seventy alumni and friends, some of them from as far distant as Columbus and Elida, enjoyed an hour of fellowship together and a supper of chicken and noodles.

Following the supper, John L. Yoder 11, toastmaster for the evening, took charge of the program.

Two quartet numbers, Freshman women's quartet of Goshen College.
Business Meeting, Earl Troyer x45 was elected chairman for 1944.
Two quartet numbers, Freshman women's quartet.
Illustrated address
"Goshen College in Color," Levi C. Hartzler 35.
Two quartet numbers, Freshman women's quartet.
The Alma Mater.

Frank Byler 37, chairman for 1943, and Loren King 31 with their committee were responsible for a successful reunion this year.

CLASS LETTERS

Several of the College classes are finding the Class Letter an interesting method of keeping up class ties. The class of 1930 has started a letter several times. Twice the letter has been lost. It was started again in 1941 and is now nearly completing its second round.

Members of the class of 1930 are in the habit of enclosing snapshots of their children or their residences and derive a great deal of pleasure from these visits by mail with their classmates. J. F. Kanagy, purchasing agent for the C. H. Musselman Company at Biglerville, Pennsylvania, is president of the class.

The class of 1941 has a unique method for keeping the news up to date. Twice a year each member of the class writes a letter to Nelson Springer, efficient manager of the College Snack Shop, and encloses fifteen cents to pay the cost of having the letter mimeographed and mailed. Mr. Springer then mimeographs all the letters and mails them to each member of the class who has made a contribution to the Class Letter. The merits of this plan are obvious. In spite of its one disadvantage (no snapshots can be enclosed) it should probably be adopted by more of the College classes.

Within recent weeks the members of the class of 1939 have adopted the same plan. Mrs. Ralph Hernley

(Elizabeth Sieber) seems to have charge of the mimeographing. And a very neat attractive piece of work it is, too, with a well-illustrated cover. The Alumni office appreciates "rating" a place on the mailing list.

The class of 1938 has a similar system of keeping the class spirit alive.

J. W. ZERBE STILL ACTIVE

The editor received a letter in January from one of the most active and most widely known of the former students of the Elkhart Institute, the Reverend J. W. Zerbe. The Reverend Mr. Zerbe received his education at a time when educated young people were not appreciated in many sections of the Mennonite Church, and, like many others, he found his way into service in another denomination. The editor has asked permission to print this letter in full, because it contains a worth-while message of service, trust, and endurance.

> Dear Friends: I failed to write you I guess when I left Williamsburg, Iowa, to come here as pastor and I wondered if you could send the intervening copies of the News Letter. It came about this way. In March I went blind in my right eye on account of a cataract and the left of course was fast going and I was told that the left eye would allow me to get around and do my calling and work like that, but I would have to quit my reading and hire some girl to read for me or have Mrs. Zerbe read for me if she could stand it. So in March, she began to read everything in preparation of sermons and I would have her read the Scripture and I would memorize that both for morning and evening and prayer meeting. Also had to learn the hymns and obituaries in case of funerals. That continued until after the return from the hospital some seven weeks ago. I can read again now and am trying to catch up with my correspondence. While in the hospital I had letters and cards from seventeen states. Part of that came from the appearance in the Brown Section in the Des Moines Sunday Register of many pictures of the Church and myself because I had not missed a service in forty years, having walked in the last fourteen years 35,125 miles to carry on my work. From the time that I went to Scotland, South Dakota, from Marion, Indiana, to be pastor in 1919, until 1942 I had read 2154 books besides getting my sermons ready and the material for that and so when a new book showed up it was hard to let it alone, but I had to do that. Wishing you success in your great work for youth, I am your friend,

INTRAMURAL FORENSICS 1943

Interest in most of the forensic contests has been unusually good. As during the past several years, the presidents of the competing literary societies selected contestants.

Richard Yordy (Adelphian), of Chicago, with the title, "Two Hundred and Fifty Thousand Die Needlessly," won first place in the Men's Annual Discussion Contest on January 29, and the Aurora prize, a student desk lamp.

Jeanette Rowell (Avon), of Goshen, won the Avon Literary Society prize in the Women's Annual Poetry Reading Contest on February 5, with her interpretation of Amy Lowell's "The Day That Was That Day." The prize was a handsome desk set.

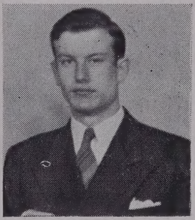
Ruby Hostetler (Vesperian), of Elkhart, discussing the handshake as a "Personality Key" won the Vesperian Literary Society prize, a manicure set, in the Women's Annual Discussion Contest, held March 6.

For the Freshman Men's Annual Discussion Contest, held March 22, Waldo Thutt Stalter, member of the class of 1927, annually awards ten dollars in prizes: four dollars, three, two, and one for first, second, third, and fourth places. The judges placed David Derstine (Adelphian), of Blooming Glen, Pennsylvania, first; Harold Bauman (Aurora), of Leetonia, Ohio, second; Ford Berg, of Kidron, Ohio, third; and Dave Shank, of Goshen, fourth. An innovation this year was the awarding of a special prize of $2.50 to the contestant ranked first by the audience. This honor and the prize went to Harold Bauman.

The Freshman Men's Peace Oratorical Contest, held April 8, and sponsored by three members of the class of 1901, also was won by David Derstine. Second place went to Harold Bauman and third place to Dave Shank. The audience ballot again placed Harold Bauman first. First prize was eight dollars, second prize, five, and third prize, one. Harold Bauman received an additional two dollars for winning the audience decision. Ten dollars of the sixteen dollars awarded in prizes in this contest are the annual gift of F. S. Ebersole 01, mayor of the city of Goshen.

The Annual Peace Oratorical Contest for upperclassmen, held on March 26, was won by Art Weaver (Aurora), of Goshen, with the subject, "Just a Minute, Engineer!" Russell Krabill (Aurora), of Wayland, Iowa, was awarded second place by the judges and first place by the audience. The winner represents Goshen College in the State Peace Oratorical Contest. The 1943 contest was held at Indianapolis on Friday evening, May 7. Usually no cash prize is presented to the winner of this contest. This year Dean Bender considered the contest of sufficient merit so that before the winner was announced he handed the judges a five-dollar bill to be given as a prize to the winner.

Art Weaver, placed third in the State Peace Oratorical Contest held at the First Friend's Church in Indianapolis on Friday, May 7. He tied with the contestant from Wabash College in rank, and when the percentages were added, the Wabash contestant had 367 points and Mr. Weaver had 364. After the awards had been made and the audience dismissed, it was learned that one of the judges had made a mistake of 5 points in reporting his grade. This error prevented Mr. Weaver from being placed second, since the correct figures would have shown Mr. Weaver with 364 points and the Wabash contestant with 362.



Art Weaver

Winner of the contest was Miss Ruby Frantz of Manchester College. Miss Frantz received the unanimous vote of the judges for first place.

CHEMISTRY AWARDS

Ruth Eleanor Mendenhall, daughter of Mr. and Mrs. Owen Mendenhall, of Goshen, won first prize of ten dollars for superior work in chemistry during the year 1942-43. Her project was the discovery and analysis of iron concretions in the New Paris Hills south of Goshen.

Otto Doutlick, of Middlebury, won second prize of five dollars. He is the first Goshen College chemistry student to make an organic compound, a para nitrobenzoyl derivative of two-chloro-four-bromo phenol. This compound is original with Mr. Doutlick, no other chemist ever having prepared it.

Two other students were awarded honorable mention: Mary Oyer of Goshen, sophomore, for making rayon, and Dave Shank of Goshen, freshman, for extracting potassium hydroxide from wood.

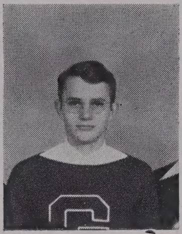
On the basis of Mr. Doutlick's work in chemistry during the past two years Dr. Miller recommended him for a position as chemist in the metallurgy department of the Nineteen Hundred Corporation, of Benton Harbor, Michigan, manufacturers of all washing machines for Sears, Roebuck and Company before the war. Mr. Doutlick began his new duties immediately after completing his sophomore year.

The chemistry prizes are the gift of a Goshen businessman who called the College one day to say that he wished to give two prizes annually to students who do outstanding work in chemistry. He wishes his name withheld. Dr. Glen R. Miller, professor of chemistry, makes the awards.

ATHLETIC RECORDS FALL

Athletic director, Roman Gingerich 41, and Verda Lambright 43, assistant director of women's athletics, have been doing excellent work during the past year. Under Professor Gingerich's coaching, Fred Swartzendruber 45, a former Hopedale, Illinois, high school star, broke both the mile and half-mile records with runs timed at 4:43.6 and 2:03.1. The freshman half-mile relay team, Doran Hershberger, Lisle Roose, Willard Swartzendruber, and Lloyd Frantz, broke that record in time of 1:43.1.

Roman Gingerich



Fred Swartzendruber

Lucille Geiser 46, of Orrville, Ohio, broke the running broad jump mark and Rachel Smith 45, of Eureka, Illinois, lacked two tenths of a second of eclipsing the mark for the fifty-yard dash.

Miss Lambright completed her work in May and will not return next year. Ruby Fisher 44, newly elected president of the Vesperian Literary Society and of the Elementary Education Club, has been appointed assistant director of women's athletics for the year 1943-44.

Vincent J. Krabill x41 is now at Ypsilanti State Hospital, Ypsilanti, Michigan.

The former Esther Brenneman, R.N., x31, wife of Dr. D. T. Yoder, is living in Miami, Florida, where Dr. Yoder is engaged in public health work.

Mr. and Mrs. Walter McDowell 40 (Ruth Lehman, R.N., x40) are living in Portland, Oregon, during the school year. Mr. McDowell is attending Western Baptist Theological Seminary.

On March 15, Nancy Hernley x41, Lois Miller x42, and Mabel Pfile x43 completed their nine months of affiliation at Denver and returned to La Junta.

Esther Widmer, R.N., 37 has resigned her position at the Mennonite Hospital in Bloomington, Illinois, and is now doing private duty in Iowa City, Iowa, near her home.

Phebe Yoder, R.N., 34 writes from Africa that they have been having a mighty revival in their congregations. Miss Yoder spent a few months' furlough during the winter in Capetown, in South Africa, taking a course in Bible in the Bible Institute.

Pearl Kauffman 42, dietitian at the La Junta Hospital, has organized a workers' Bible class which meets for Bible study under her direction every Monday evening.

The nurses' chorus of the La Junta Hospital, under the direction of Mrs. Maude Swartzendruber, R.N., 37, has given several programs of religious music over their local broadcasting station, KOKO.

Dr. M. C. Lehman 04, of Akron, Pennsylvania, delivered the commencement address at the La Junta Hospital on May 7.

Roscoe Miller 37 and Gerald Miller x42 have been elected superintendent and assistant superintendent of the Walnut Creek Sunday School. Carol Glick 41 and Orpha Troyer x37 are primary superintendents. Cloyse Hershberger 35 is assistant young people's meeting superintendent. W. J. Hershberger x20 is church chorister. Edith Troyer 39 is librarian. At the Farmerstown Sunday School, Edward Gerber 34 is assistant superintendent, and Atlee Hostetler x20, assistant chorister.

In the "Twenty-five Years Ago" column in the March 17 issue of the **Goshen News-Democrat**, formerly the **Goshen News-Times**, appeared the following item:

> **College Men Volunteer**
>
> The twelve Goshen College students who have volunteered for overseas services in the reconstruction work planned by the Mennonite Church are: Eli Stoltzfus, H. S. Bender, Mahlon Stauffer, Russell Lantz, D. E. Lehman, E. A. Meyer, A. K. Hartzell, Ezra Deter, Ora Liechty, Homer Yoder, and Arthur Diller. The sum of $150,000 is being raised for reconstruction work in France and relief work in Syria and Armenia, as the church's part in war work.

Of this number the following were later appointed for foreign service: Eli Stoltzfus 22 and Russell Lantz 23.

Ruth Buzzard 41, student at the Missionary Training Institute at Nyack-on-Hudson, New York, has been serving on the **Hillside Herald** staff, the school newspaper. She is also reporter for the Near East Prayer Band and was chosen as a junior class debater.

On February 22 she spoke at Carnegie Hall in New York at a Missionary Convention attended by three thousand people. Her topic was "Our Unfulfilled Obligation to the Near East." She and seven other students were chosen from Nyack to present the needs of various mission fields.

Loren King 31, superintendent of the Mennonite Orphans' Home at West Liberty, Ohio, had been placed in I-A by his draft board. It seemed for a time that it would be necessary for him to go to camp. Under date of March 5 he writes: "The other day I received a report from the Appeal Board. They voted unanimously to place me in III-C. We will feel free to take more children in now, as long as we can find room for them to sleep. . . . We expect to add one more to our working force the first of May. At the present time we have forty-two children in the home and are planning to make room for several more as soon as the quarantine is removed. Two of our children have scarlet fever in a very light form."

The new address of Private Herbert Hatch Adams 34 is A.S.N., 35,542,496 Medical Detachment, 501 Coastal Artillery (A.A.) Veceina, California.

Technical Sgt. David Bechtel 37, stationed at Dale Babry Field at Tallahassee, Florida, spent a ten-day furlough with his parents, Mr. and Mrs. D. O. Bechtel, of west of Goshen, in April.

Dr. Charles Neff 37 has a three-month interim appointment at the Pontiac General Hospital, Pontiac, Michigan, before beginning his internship at the Baltimore General Hospital on July 1. Mrs. Neff (Elizabeth Royer 38) has been ill with pneumonia at the home of her parents in Orrville, Ohio, but is now convalescing satisfactorily.

Rev. M. S. Swisher x02, pastor of the Grace Methodist Church at Quincy, Illinois, has a congregation of seven hundred members and a building which cost $80,000 twenty years ago. During the first year of his pastorate at Quincy he cleared off the remaining $6,500 debt on the building. Rev. Swisher is the father of six children—four sons and two daughters. The husband of the eldest daughter, Dorothy, is W. U. Miller, director of the school of music at Fort Hays Kansas State College. The youngest daughter, Glyda, received her master's degree at Northwestern University last summer and is teaching in Peoria. Robert, the Bob Swisher of Northwestern fame, is an ensign and an instructor in the Pre-Flight School at Iowa City, Iowa. Ivan is connected with the Boeing Flying Fortress Co. at Seattle, Washington. Damon is finishing his Officers Training in the Tank Destroyer School at Camp Wood, Texas. Harvey, the youngest, is in England, a First Lieutenant in the Army and also one of the only two American lieutenants chosen to take a course in the English Battle School.

Howard Blosser 39, writing from Camp Denison a few months ago, said, "I feel certain that we are doing a piece of work that will stand for many years and be of benefit to hundreds of people. . . . The men are here for a purpose and determined to make a success of this venture. Remember us that we may be true soldiers of the Cross and lights in a dark world. . . . My Christian experience has both risen and deepened here."

Dr. Richard P. Yoder 39, writing from Grant Hospital, Columbus, Ohio, a few months ago, after stating that he has been enjoying his work in Medical School very much, closes with the remark: "May I philosophize a bit by adding that large universities cannot boast of the type of professors, students, and general attitudes that can be found at our Alma Mater."

Esther Detwiler 39, rural school teacher in the Ozarks, writes, "I have spent my years since graduation in the teaching profession. This year I follow my last year's position—a rural school, thirteen pupils, a congenial school board (all Mennonites), a very well equipped schoolroom, a scenic and well-kept school ground, a fine boarding place at my Uncle J. P. Brubaker's home, and a community that is just as fine as could be desired." This has the ring of "Culture for Service"—service with a smile.

Recent appointments to positions in the C.P.S. program, as printed in the March 25 issue of the **Gospel Herald**, include the following: Lotus E. Troyer 38, leader of the hospital unit at Michigan State Hospital, Ypsilanti, Michigan; Earle R. Brilhart 33, business manager at Grottoes, Virginia, camp; Cleo Swope x41, hospital service; Orin Beechy 33, who has been assistant and educational director at Marietta, Ohio, camp director at Hagerstown, Maryland, replacing Grant Stoltzfus 41 who has been transferred to the Akron, Pennsylvania, office to assist in the Peace Section work; Kenneth Burkholder x32, business manager, at Luray, Virginia.

Lloyd H. Hess 39 writes from C.P.S. Camp No. 67, at Downey, Idaho, "This one thing remains true . . . that the fragments of light which were deeply implanted in our being are a continual supply for the lamp of truth which lights up within us, even though sought to be smothered by darkness in a chaotic world. So let us give three cheers for our Alma Mater." Even though the rhetorical figures are a bit mixed, the meaning is clear.

Leland Brenneman, president of the class of 1934, has been in the C.P.S. Camp at Marietta, Ohio, since March 3. He writes under date of April 20: "I must admit the experience to be worth while. . . . I am very happy to have had the experience in this sort of camp, as I believe it makes one more tolerant to work and live with people from such different backgrounds. . . . I must say that my years at Goshen College have made it possible for me to make a better adjustment while in camp. As I meet and talk to our Mennonite boys, I am more convinced than ever that more of them should have had college and high school experience."

Lester Wenger 27, who had been stationed at Fort Sill, Oklahoma, has received an honorable discharge from the United States Army, and is now employed by the Ball Band Corporation in Mishawaka. Time marches on—Mr. Wenger seems to have reached the thirty-eight-year mark.

The new address of Lieut. J. W. Foreman, D.D.S., x33 is: 72nd Naval Const. Bn. C-O Fleet Post Office, San Francisco, California.

Alice Hostetler, daughter of Rev. and Mrs. Lester Hostetler 15 (Charity Steiner 16), of Bethel, Kansas, is a student at the School of Music at Northwestern University.

Lynn W. Woodworth x19, now a major in the Army Air Corps in North Africa, is the subject of an INS news service dispatch which appeared recently in the **Washington Post.** Major Woodworth won letters in six sports in his year and a half at Goshen College before being commissioned a first lieutenant in the first World War and assigned to the Thirty-Eighth Division.

Fay Grassmeyer 21 spent a few days on the campus in April. Having passed the thirty-eighth milestone he has received an honorable discharge from the Army and is returning to his former home at Greenwood, Delaware.

On January 15 Ezra Shenk 38 was transferred from the C.P.S. Camp at Colorado Springs to the Colorado Psychopathic Hospital in Denver, which is part of the Colorado School of Medicine.

Mennonite Board of Education Financial Program

GOSHEN AND HESSTON OVER THE TOP

New Heating Plant for Goshen

By O. O. Miller 15, Financial Agent

The Debt Reduction Program which officially began June 1, 1942, had as its goal to raise $105,000.00 during the fifteen-month period from that date to September 1, 1943. It is very gratifying to note the final total reported to the Executive Committee of the Board of Education as $123,082.23. With this fine response from the constituency of Goshen College and Hesston College it was possible to carry out the original plan which included the operating cost of Goshen and Hesston Colleges during this fifteen-month period and the raising of an amount for an emergency fund as well as the paying off of all the direct debts of both schools. The additional amount raised was applied to some of the indirect obligations of the Board of Education.

At both Goshen and Hesston Colleges some projects had been undertaken by the Mennonite Educational Finance Corporation to be liquidated through an annual rental by the schools over an extended period. This extra money which came in above the goal enabled us to liquidate the indebtedness against the Cooprider house at Hesston College and also to clear the Health Center, Coffman Hall Annex, and the South Cottage Tract at Goshen College. This means that each of the colleges will be relieved of the annual rental for these projects. Therefore, the financial position of the schools is improved to that extent.

The program for the twelve-month period from September 1, 1943, to September 1, 1944, is concerned with raising the money that is needed to operate the schools during this period. In addition to this Goshen College has for some years needed a new heating plant. The plant has been too small to carry the increasing load and consequently has been overburdened and shows serious wear as a result of this extra burden. Hence, the program calls for a total of $65,000.00 by September 1, 1944.

On account of the priorities needed because of the war situation, we are not positive that a heating plant can be built even though the money is raised. It seems proper, however, to the Executive Committee of the Board to proceed to raise the needed funds and if they cannot be used for a heating plant, they could be applied to further liquidation of the indirect obligations to the Finance Corporation on the remaining balances owing on Coffman and Kulp Hall at Goshen College. We have been assured, however, that consideration will be given to our application for materials for the new heating plant by the War Production Board at Washington.

The Executive Committee of the Board appreciates the loyal support of the Goshen Alumni during the Debt Reduction Campaign last year and we solicit your continued help and support in this new program just now being started. The program continues to be a combined effort of Goshen and Hesston Colleges and all contributions will be sent to Akron, Pennsylvania, and distributed from here as directed by the Executive Committee of the Board.

Akron, Pennsylvania.

DEBT REDUCTION COMMITTEE

Ernest E. Miller, Laban Swartzendruber, O. O. Miller, C. L. Graber, I. E. Burkhart, Milo Kauffman

THE PART OF GOSHEN COLLEGE ALUMNI IN THE DEBT LIQUIDATION CAMPAIGN

A. Approximate number of contributors: 400
  1. Alumni whose names appeared in the 1935 Directory (1896-1935): 260
  2. Alumni who became members since 1935 (1936-1943): 140
    a. graduates: 75
    b. non-graduates: 65

B. Amount contributed in Debt Campaign
  1. By pre-1935 alumni (1896-1935): $16,000.00 (approximately)
  2. By post-1935 alumni (1936-1943): $4,000.00 (approximately)
    a. graduates: $2,070.25
    b. non-graduates: $1,900.00 (approximately)

C. Special or unsolicited gifts contributed for other purposes: $2,183.00

The Alumni Office regrets that it is impossible to print a complete list of alumni contributors. In the beginning of the campaign some of the solicitors failed occasionally to indicate that a given donation was from an alumnus of Hesston or Goshen. Hence, after considerable discussion it was decided not to print a list of alumni donors, because it would be unfair to those whose names might be overlooked. It is hoped that during the coming campaign a complete list of Goshen College Alumni contributors can be printed in the News-Letter from time to time, as was the former practice.

One disappointing feature of the alumni share in last year's financial campaign is the discovery that so small a proportion of recent alumni are found among the contributors. In the years 1936 to 1943 Goshen College granted 325 Bachelor Degrees and more than 100 Elementary Teacher Training Certificates. Of this group only seventy-five made any contribution to the Debt Reduction Campaign. Even when due allowance is made for the large number of young men now in unproductive employment, there is still a sizable group who are receiving unprecedented wages. Are we wrong in feeling that more of this group should avail themselves of the privilege of becoming contributors to the Financial Program of the Alumni Association? **"Every** Alumnus a Contributor Every Year."

THE NEW HEATING PLANT

WHY?

1. **The present plant is a dangerous fire hazard**
    a. **It is located in the Administration Building**
    b. **It originally heated two buildings**
    c. Now it heats (or does it?) eight
    d. **It is outworn and outgrown**
2. It is expensive to operate
    a. **Constant effort and outlay to reduce heat loss and to increase efficiency have not succeeded in heating the buildings properly**
    b. **Last year the cost of heating was $1,000 more than any previous year**
3. **A new plant would remove noise, dust, fumes, and fire from the Administration Building**

HOW?

1. **The Mennonite Board of Education has approved a plan for raising $35,000 to erect a new plant**
2. **Architect's drawings, contractor's estimates, blank applications for priorities are on President Miller's desk**
3. **Solicitors are already in the field raising money**
4. **We believe that Goshen College friends who gave $123,000 in fifteen months to pay the debt will be eager to contribute $35,000 to purchase a live horse that will pull the heating load on the campus**
5. **Goshen College Alumni will do their part**

WHERE?

1. The new plant according to present plans is to be located twenty-two feet due south of the gymnasium.
2. The railroad company has agreed to build a spur to the plant so that coal can be delivered on the ground

WHAT?

1. Brick building 33 x 50 feet
    a. A boiler room 30 x 33 feet, 20 feet high
    b. Coal storage 20 x 33 feet
    c. An incinerator for burning refuse
2. A seventy-foot brick smokestack eight feet in diameter

EDITORIAL CHAT

Every alumnus a contributor every year

The accelerated program, the reduction of paper available for printing, and other factors made it advisable to drop the July issue of the ALUMNI NEWS-LETTER.

This issue of the NEWS-LETTER, dated October, is being printed in September in order to inform alumni of the success of the debt reduction drive of last year and to give them early detailed information regarding the drive for the coming year.

On account of the omission of the July number of the NEWS-LETTER some of the "news" in this issue is no longer new. But the following from a recent letter of a 1935 alumnus seems to indicate that any news about members of the alumni family is still news to some one: "We have been receiving the ALUMNI NEWS-LETTER for over five years, and it has been our main, in fact, only source of contact with our Alma Mater. It is always a pleasure to receive the new issue and get campus news and personals from old friends."

TO STUDY AT PRINCETON

President Ernest E. Miller 17 has been granted a leave of absence for the first semester of the present school year by the Mennonite Board of Education to study at Princeton Theological Seminary. He left for Princeton on September 20 and except for two short visits will be absent from the campus until Christmas.

While President Miller was completing his graduate studies for the degree, Doctor of Philosophy, at New York University prior to coming to Goshen College, he was obliged to concentrate on courses dealing with administrative and personnel problems. Now, however, Goshen's membership in the North Central Association, the sound financial standing of the College, and the decreased student enrollment make it possible for him to leave for the present semester to study in other fields to strengthen his contacts with his constituency.

During President Miller's absence from the campus, Dean Harold S. Bender 18 will have charge of the routine administrative duties of the President's office. Dr. Carl Kreider 37 will serve as chairman of the committee on student personnel and will be assisted by the dean of men and the dean of women.

LUNCHEON FOR GOSHEN COLLEGE ALUMNI

On October 28, during the time of the meeting of the Indiana Teachers' Association at Indianapolis, Goshen College Alumni in attendance at the convention will have lunch together at the Hotel Lincoln. Leonard Lehman 40, formerly of Wakarusa, now teaching in the Topeka schools, deserves credit for arranging for the luncheon.

STERLING, ILLINOIS, ALUMNI REUNION

The Goshen Alumni of Sterling, Illinois, held their annual banquet and reunion at the Lincoln Hotel on Friday evening, May 14. Arrangements were in the capable hands of Ada Lapp 31, who served as president for the past year. After a bountiful dinner the group enjoyed a lecture, "Goshen College in Color," illustrated with kodachrome slides. The Science Ridge quartet, composed of Leonard Brunk, Ralph Wade 47, Cecil Wade 47, and Chester Long x45, entertained the group with several numbers. Officers for the coming year are Chester Long, president, and Helen Wade 43, vice-president. The president was instructed to appoint a secretary-treasurer.

COLLEGE HEALTH SERVICE

Dr. H. Clair Amstutz 33, College physician, began his fifth year of service on the campus at the opening of the current semester. On June 16 Dr. and Mrs. Amstutz (Florence Badertscher, R.N. 35) moved from their residence at 208 North Third to their newly purchased property at 314 South Fifth Street. Their children are Barbara, Vivian, John, and Carolyn. Dr. Amstutz has his office in his residence and keeps office hours at the College Health Center at 12:45 p.m. every day except Sunday.

Two students, Elsie White, R.N., until recently assistant supervisor of the surgical department in the Mennonite Hospital at La Junta, Colorado, and Florence Nafziger, R.N., a graduate of the same institution, have been employed to assist Dr. Amstutz at the Health Center during the coming year.

MISS GUNDEN TO OFFER SPANISH

Just before the opening of the first semester President Miller received a letter from Miss Lois Gunden, instructor in French, who had been doing relief work in France under the Mennonite Central Committee and who for the past number of months has been interned at Baden-Baden, Germany, with the diplomatic corps. Miss Gunden regrets that she could not be here for the opening of school, but writes that the internees have organized a university and that she is studying Spanish. She expects to have acquired sufficient proficiency in the language before returning to the United States so that she will be qualified to offer courses in Spanish in addition to French. This will fill a long-felt need at Goshen College.

DR. YODER PRAISES C.P.S. MEN

A number of C.P.S. men are giving appreciated service in mental hospitals in various states. The editor recently received a letter from Dr. O. R. Yoder 12, medical superintendent of the Ypsilanti, Michigan, State Hospital, expressing his appreciation of the work that the men are doing. The letter follows: "I have read your Bulletin with much interest, and in it I note the names of a few individuals who are now working in this hospital, especially Lotus Troyer, the Director of our Conscientious Objector group.

"I am writing to tell you that these men are a credit to the College and to their church, and are giving good service to a worthy cause. This hospital is responsible for the care and treatment of 3340 patients with a normal quota of 615 employees. As it is located in a defense area, more than a year ago we found a marked shortage of man power.

"To bring Conscientious Objectors into Michigan it was necessary not only to have the approval of various Government agencies but of labor and Veterans' organizations. After considerable difficulty this was obtained, but the community and the remaining 435 regular employees were somewhat skeptical about the plan as they knew nothing about Mennonites and considered Conscientious Objectors cowardly.

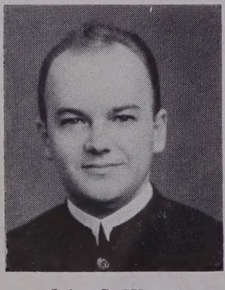
"We now [in July] have a group of fifty men who, because of their integrity and sincerity of purpose, have integrated themselves to the group and are respected by their fellow employees, and similar organizations have been anxious to have similar groups. The United War Veterans Council have endorsed the employment of Conscientious Objectors in the Veterans Administrative Facility at Fort Custer for the duration of the war. This endorsement was because of the satisfactory arrangement in this hospital.

"These men are doing a good work both for our patients and for their church. . . . I feel that the credit for the success of this group goes largely to Lotus Troyer, their Director."

RECENT ORDINATIONS

Since May 1 four alumni have been ordained to the ministry in the Mennonite Church.

John C. Wenger 34, M.A., Th.D., assistant professor of Bible and philosophy, was ordained deacon for the North Goshen Mennonite Church on May 2. The last twelve months make up a rather important period in the life of Brother Wenger and his wife, the former Ruth Detweiler, of Blooming Glen, Pennsylvania. In October 1942 they purchased the residence property at 1410 South Eighth Street, Goshen. In August of this year he gave two addresses on the Gospel of Mark at the Ohio Christian Workers' Conference near Archbold, Ohio, and received an earnest request for the publication of his outlines for the use of Ohio Sunday-school teachers. Later in the same month he was elected chairman of the executive committee of the Indiana Christian Workers' Conference (successor to the Indiana-Michigan Sunday School Conference). At the meeting of the Mennonite General Conference at Goshen College in August, he served as one of the delegates from the Indiana-Michigan Conference, gave an address on "The Inspiration and Authority of the Holy Scriptures," and was re-elected a member of the historical committee of General Conference. Then on August 20 Brother and Sister Wenger became the parents of their first daughter, Mary Lois. Their two eldest children are boys, Daniel and John Paul.

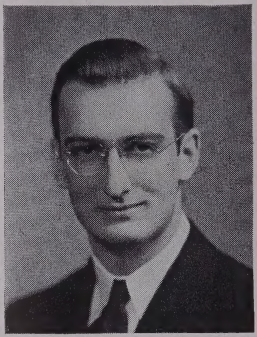


John C. Wenger

Levi Hartzler

On June 27, Levi C. Hartzler 35, Dean of Men, was ordained deacon of the College congregation. On the same day seven minutes before midnight, Brother and Sister Hartzler, the former Irene Mayercik, became the parents of a daughter, Carol Sue. Brother Hartzler, as well as Brother Wenger, served as president of the Y.P.C.A. at Goshen College. Brother Hartzler was also the College peace orator at Valparaiso University in 1935 and made good record as an intercollegiate debater. He served as an M.C.C. relief worker in Spain.

On Sunday, June 13, J. Robert Kreider 41 was ordained minister for the Bethel congregation near Wadsworth, Ohio, by Bishops O. N. Johns x07, of Canton, and A. J. Steiner 00, of North Lima, Ohio. Brother Kreider is married to the former Virginia Stalter of Flanagan, Illinois. They have one child, a son, J. Evan. Brother Kreider is in a C.P.S. Camp at Clear Spring, Maryland, and Sister Kreider and their son live at Wadsworth. During his undergraduate years at Goshen Brother Kreider made the most outstanding record as an intercollegiate debater of any Goshen College student since 1918.



J. Robert Kreider

The fourth ordination was that of Lester T. Hershey 37, who was ordained for the Mexican Mission on Roosevelt Road in Chicago on August 15. Brother and Sister Hershey (Alta Good 38) are doing excellent work as superintendent and matron of the Mexican Mission. Brother Hershey is a son of Bishop and Mrs. T. K. Hershey 10, of South America, and served as a Mennonite Relief worker in Spain until the close of the Spanish Civil War.

Lester Hershey

DR. CARL HOSTETLER LOCATES IN GOSHEN

In July Dr. Carl M. Hostetler 33 began medical practice in Goshen, after being stationed temporarily at Owosso and Oscoda, Michigan. He has rented the offices on Lincoln Avenue, owned by Dr. (now Captain) F. S. Martin 29. Dr. and Mrs. Hostetler (LaVerne Yoder 34) have purchased the beautiful country residence one-half mile north of the Model School. They and their two children, Karl and Emma Jane, moved to their new home in August.

THE LIFE OF S. B. WENGER

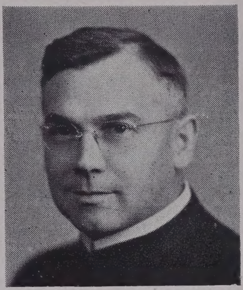
Alumni will be interested in a book written by one of their number and now on the press. Mrs. Earl Morgan, the former Edith Wenger of South English, Iowa, who was a student of Goshen College from 1906 to 1909, has written "Stories My Father Told Us."

The little volume contains valuable material on the life and work of the late Solomon B. Wenger, brother of the late A. D. Wenger. It begins with her father's earliest childhood recollections and presents in attractive form his boyhood experiences, with colorful pictures of the social and domestic life of Virginia nearly eighty years ago. A section of the book deals with the sufferings of Virginia Mennonites during the Civil War. The closing portion of the book recounts S. B. Wenger's pioneer life in Iowa and his persistent efforts to found a Mennonite congregation at what is now South English. The book combines humor and pathos in a very delightful fashion.

Alumni who are interested in securing a copy of the book should write at once to Mrs. Earl Morgan, Rubio, Iowa, because the size of the edition is still to be determined and will depend somewhat on the demand. The pamphlet will probably sell for from thirty-five to fifty cents.

PROFESSOR ERB TO EDIT GOSPEL HERALD

Late in August Paul Erb, professor of English at Goshen College, was elected editor of the **Gospel Herald,** official organ of the Mennonite Church, printed at Scottdale, Pennsylvania. President Ernest E. Miller, when asked whether he would release Professor Erb, remarked, "As a church institution Goshen College is happy to serve the larger interests of the Mennonite Church. We are willing to release Professor Erb only for what seems to be a larger position in the work of the Church."



Paul Erb

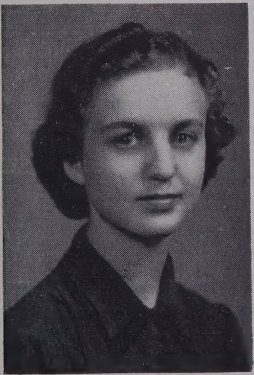
Professor Erb had been suggested for the editorship of the Gospel Herald last April but did not feel at that time that he could accept it because he felt a definite call to continue in the teaching work of the Church. Since that time, however, an appeal has come from a wide area of the Church that he should accept the editorship of the Herald.

Professor Erb will continue his work as professor of English at Goshen College on a full-time basis for the first semester and part-time work during succeeding semesters until President Miller can find a properly qualified successor. The transfer of Professor Erb to Scottdale is in the hands of President Miller and the Mennonite Publication Board.

Professor Erb's position on the Goshen College faculty will not be easy to fill. He knows English literature, and is an excellent public speaker and a popular instructor. Both Professor and Mrs. Erb (Alta Mae Eby 10) will be greatly missed, not only in the College, but also in the College congregation. Their new home, the neatly remodeled Wambold property (known as the Kauffman House to Alumni of thirty-five years ago), is an appreciated center of Christian fellowship and hospitality. Their daughter, Winifred is a sophomore in Goshen College; their son, Delbert, is in the eighth grade and takes a very active interest in the religious life and activities of the congregation.

ASSISTANT REGISTRAR RESIGNS

Mrs. Royce Engle (Doris Stuckey 41), who has been serving as assistant registrar for the past several years, and who has had charge of all the routine work of the office during the absence of Dr. Paul Bender, has resigned and has gone to Terry, Montana, where her husband is in a C.P.S. camp. Mrs. Engle expects to secure a secretarial position in Montana. Anna Shirey 45 is now serving as assistant to the registrar.



Doris Stuckey Engle

NEW TEACHING POSITIONS

A large number of Goshen College graduates who are engaged in the teaching profession have changed to better positions for the present school year. The following list includes also the 1943 graduates, both from the elementary teaching course and the regular Bachelor of Science in Education. All of the students who completed either the elementary education course or the work for the Bachelor of Science in Education or the Bachelor of Arts degree in 1943 were employed before the middle of August. Several students who intended to return to Goshen College instead of teaching were prevailed upon during August to accept teaching positions.

THE CLASS OF 1939

The 1939 class letter reached the alumni office just as we are ready to go to press.

Mr. and Mrs. John Friesen 39 (Genevieve Yoder 39) are stationed at Drug, C.P., India.

Vernon H. Schmidt, who has been working in the Mennonite Colonies in Paraguay since November 1941, speaks optimistically of the colonies and of the work there.

Nora Miller writes from La Junta, Colorado: "You should see our victory garden. . . . It is a privilege to live in Colorado."

Esther Detwiler, of Birch Tree, Missouri, continues her work as a schoolteacher of the Ozarks. She spent two weeks this summer at the Bethel Springs Church in Culp, Arkansas, helping in Bible school work.

Howard Blosser was on the campus for a few hours in September. He writes: "Our project ends July 17, but there are prospects that it will be extended about September 1 for another year." He enjoys his office laboratory work at the University of Illinois.

Mae Orendorff spent another six weeks in the school of music at Northwestern University. She is teaching at Flanagan.

Isaiah Harley is assistant pastor of the Brethren in Christ Church at Souderton and at Silverdale, Pennsylvania. He is teaching in the Souderton High School. He writes: "Occasional glimpses of Samuel Bucher and other students keep me in touch with Goshen. At present I see three Goshen alumni every day—Galen Miller, Norman Loux, and Paul Martin. These fellows are living in Souderton and commuting to Hahneman Medical School daily. I am attending the summer session of Temple University."

Carl Schiwek, of Decatur, Illinois, has been preaching for the last three years and is now pastor of three country churches near Marshall, Illinois.

Mrs. John Duerksen (Ruth King 39) writes from Three Rivers, California: "Our C.P.S. Camp—fellows, staff, and equipment—was shipped from the Blue Ridge Mountains of Virginia to Sequoia Park in California. . . . John took a two-day furlough last week and we hiked up to Giant Forest and saw all the magic redwoods . . . cinnamon bear . . . a beautiful buck with ten points . . . does are as common in camp as dogs in the city . . . raccoons begging for handouts. The fellows in camp work at fire prevention and trail building."

Lois Oyer of St. Johns, Michigan, taught Bible school at Pinckney a week, at St. Johns a week, and at Detroit two weeks.

The Greeners are still living in Elizabeth, New Jersey, where Ralph continues his work as chemist in the Cyanamid Corporation. He goes fishing on the side.

Dr. Samuel J. Bucher continues to enjoy his internship at York Pennsylvania Hospital. Mrs Bucher, the former Margaret Mininger R.N., does private duty nursing and lives at the home of Dr. Bucher's parents a few miles from York.

Mrs. Lorne Schmitt (Ruth Duerksen 38) finds her college education handy in bringing up her two little girls, Mary,two years old and Lois, 8 months.

Maurice Burkholder, writing from 621 Woodland Park, Chicago, states that he is interning at Memorial Hospital, that Dana Troyer x40, Ernest Smucker 41, and Paul Conrad x40, are still in medical school, and that Waldo Lehman 38 finishes his internship this fall at Wesley Hospital.

Charles Webb was a member of the Relief Training Corps at Manchester College this past summer, and is now on detached service in the office of the Brethren Service at Elgin, Illinois, at work in the relief and rehabiliation section.

Mr. and Mrs. Lawrence Burkholder (Harriet Lapp 37), of Croghan, New York, and their children, Myrna, two years old, and John Howard, spent several days on the campus and in Illinois visiting relatives and friends this summer. They are doing rather extensive gardening, besides raising two pigs and a goat.

Mr. and Mrs. H. Ralph Hernley are at Sideling Hill Camp near Wells Tannery, Pennsylvania. Mr. Hernley continues as camp director, but has been an assignee since June 8. Mrs. Hernley spent some time in Goshen this summer with their four-month old son, Rodney Kent, who needed attention from a bone specialist, Dr. Baker at South Bend. The editor of the NEWS LETTER is indebted to Mrs. Hernley for the privilege of reading the class letter of the Thirty-Niners.

This spring Karl Massanari 35, principal of the Mahomet Community High School at Mahomet, Illinois, took his entrance examinations for the professional Master and Doctor in Education degrees at the University of Illinois. He plans to continue his graduate work along with regular teaching duties. He enjoys his administrative duties and was re-employed with a handsome increase in his salary. The Alumni Office was glad to receive the 1943-44 handbook of the Mahomet Community High School containing information about the school.

Dr. Lloyd E. Blauch 16, senior specialist in higher education under the Office of Education, has been appointed chairman of a new committee to study the adjustment of the college curriculum to wartime conditions and needs.

Dr. Richard P. Yoder 39, son of Mr. and Mrs. John L. Yoder x19 (Bertha Kraybill x18), of West Liberty, Ohio, who completed the medical course at Ohio State University in April, is interning at Christ Hospital and will probably be there until April 1, 1944.

Dorothy Stutzman x46, of Hartville, Ohio, who completed the course in secretarial training in May of this year, has been employed by the Yale Clothes, Inc., at Canton, Ohio, during the summer. On August 30 she began work in the Mennonite Publishing House at Scottdale.

Ruth Smith x42, formerly of Elida, Ohio, spent several days on the campus in June. Miss Smith is employed in the office of the Burkholder Dairy at Denbigh, Virginia.

Earl Leinbach 39, formerly of Wakarusa, Indiana, is now in C.P.S. as director of the Hospital Unit at Iowa State Hospital at Mt. Pleasant, Iowa. Mr. Leinbach finds time after hours to do some work in an American Literature course for which he has registered at Goshen College.

Mr. and Mrs. Edward Belan x39 (Vera Mae Roth 38), formerly of Kansas City, have moved to Tulsa, Oklahoma, where Mr. Belan is manager of the Tulsa office of the American Hospital and Life Insurance Company of San Antonio, Texas.

Dr. and Mrs. Orie J. Eigsti 31, of the University of Oklahoma, at Norman, Oklahoma, visited friends in Goshen in June. Professor Eigsti spent the summer at the Michigan Biological Station at Sheboygan, Michigan. He begins his sixth year at the University of Oklahoma in September. Although enrolled as a regular member of the faculty of the University of Oklahoma, Dr. Eigsti has been connected with the Research Institute since May and has been doing work in connection with Hybrid seed corn. In September Professor Eigsti will begin traveling at the Gulf of Mexico, supervising the harvesting of hybrid corn. He will then follow the corn harvesting season northward to the Canadian border, ending his duties in this field in November.

Walter Oswald 15, of North Lima, Ohio, recently gathered and sent to the College several valuable items for the archives of the Mennonite Church. Included among the materials were the minutes of annual Good Friday meetings held at the North Lima Mennonite Church as far back as 1915, the Christmas Sunday School Meeting held at Leetonia meetinghouse as far back as 1912, and the complete records of the Midway-North Lima Sunday School for 1895; also the report of the First Mennonite Sunday School Meeting held in Mahoning-Columbiana counties on December 31, 1898.

Rev. Robert Hartzler 41, pastor of the Silver Street Mennonite Church, east of Goshen, has received a raise in salary and the permission of his congregation to spend four days a week attending the McCormick Theological Seminary in Chicago.

Mrs. Robert Jaburg (Pearl B. Miller 38), formerly of Sugarcreek, Ohio, is employed at the mental hospital at Farnhurst, Delaware.

Ellis M. Hostetler 31, since September 1942, has been principal of the Mentor, Ohio, Junior and Senior High School. Previously for eleven years he was social science instructor in the Louisville, Ohio, High School. He received the degree, Master of Arts, with a double major in education from Kent State University in August 1941.

Rev. Titus Books 31, of Cleona, Pennsylvania, a minister of the Brethren in Christ Church, has been appointed to full-time pastorate work in the following eastern C.P.S. camps: Sideling Hill, Hagerstown, Luray, and Grottoes. In addition to the camps, Rev. Books' work includes certain of the mental hospital units in his ministry which began July 1.

Ira Amstutz 37, of Walnut Creek, Ohio, served as superintendent of the Kidron Summer Bible School May 31-June 11. The average attendance was 187 and there were 13 classes.

The **Pikes Peak Journal,** issue for July 16, 1943, carried the following item with a cut of Rev. Miller x09:

"The Rev. L. C. Miller, pastor of the Mennonite Church, was elected chairman of the board of directors of the Pikes Peak Bible Seminary and Burton College at the meeting of the board of directors held Tuesday evening. He suceeds Dr. C. J. Burton, founder of the seminary."

Dr. C. Richard Yoder 37, formerly of West Liberty, Ohio, is on his way to Jerusalem, Palestine. When last heard from he had reached South Africa and hoped to proceed from there with stopovers in Ethiopia and Cairo. His address is in care of the U.S. of America Consulate, Jerusalem, Palestine.

The editor is indebted to Mrs. Scott Radford (Mabel Summer), of Okemos, Michigan, for the following item: Kathryn Summers, ten-year-old daughter of Mr. and Mrs. Raymond Summers (Edna Cook 28), of Laingsburg, Michigan, received high honors from an internationally-known piano teacher recently. She was among the pupils of Elizabeth Todd, Lansing piano instructor in the Dunning System, to be given an audition with Edwin Hughes, recently, in Detroit, Michigan. Mr. Hughes, well-known concert pianist of New York City, commended her work very highly and predicted a brilliant career for her in music.

Dr. and Mrs. Robert Bender 31 (Carolyn Lehman 34) spent several days in Goshen during August visiting the former's mother, Mrs. Elsie Bender, of South Main Street. They are located at Miami, Florida, where Dr. Bender is stationed in the Public Health Service. He has a civil service appointment as quarantine officer at the airport.

In September LaVerne Wenger x40 completed a course in medical technology at a private laboratory in Reading, Pennsylvania.

Some of the following items, taken from the 1938 Class Letter, were crowded out of the June issue last May.

Don Kreider 38 started working for the Federal Deposit Insurance Corporation in the Division of Bank Examination in May 1942. His organization services the Third District including Ohio and Pennsylvania. Most of his time is spent in the area called the Cleveland sub-division and chiefly in northern Ohio, east of Toledo. He spends from one to six days in a bank depending on the amount of work to be done.

Anna D. Leatherman 38 enjoys teaching grades one to three in the mountains of Virginia. She had fourteen pupils this year. They were much interested in feeding birds, and built three bird feeders during the winter. Miss Leatherman is preparing to attend summer school to work on the master's degree in botany and is considering Duke University at Durham, North Carolina.

Since Atlee Beechey 35 has been expecting to be drafted for some time, Mrs. Beechey (Winifred Nelson 38) is proceeding to prepare "to become self-sufficient." She is working as a laboratory assistant at Battelle Memorial Institution, an organization for experimental and research work in chemistry, physics, fuels, metalurgy, and other fields.

Ruth 38 and Rhoda Ressler 35 have purchased a thirteen acre farm that they call a "thirteen acre pile of the Creek Hills," with a log house that is left on it, not far from Scottdale. They take great delight in repairing, building, painting, and trimming. Last summer they had a very good garden and learned to appreciate what a help it is to have things growing.

Esther Weber 38 continues to enjoy her work as librarian at Pennsylvania State College. Recently their library acquired by gift a fine collection of rare Bibles. She is to have the privilege of cataloguing these as soon as she has completed the necessary preliminary study of versions. In March, ten Mennonite boys from various C.P.S. Camps were taking a short course in dairy testing at the college.

Henry Holderman 38, formerly of Colorado, taught school in his home state for four years, and since September 1942, has been teaching at the Independence School near Elbowood, North Dakota, on the Fort Berthold Indian Reservation. Mr. and Mrs. Holderman have two more little girls in their family since they left Goshen. Marjorie went to school this year, Janet is four, has long dark brown curls, and Leona is seven months.

Thelma Oyer 38, teacher of thirty first graders in the Washington, Illinois, schools, has an almost ideal setup for teaching. Her first graders are housed in a school unit all of their own complete with classroom, playroom, storeroom, cloakroom, and rest room. The upper half of the wall between the classroom and the playroom has a glass partition.

Mr. and Mrs. Lloyd Hartzler 38 live in Elkhart where Mr. Hartzler is employed at Zelle's Funeral Home, the institution dedicated to "Reverence, Dignity, and Service." His firm is kept quite busy and is handicapped by the man-power shortage.

Ruby P. Martin 38 is an enthusiastic arouser of 1938 class spirit and did the work of typing and mimeographing the last issue of the class letter, "The Thirty-Eighter." In January Miss Martin was offered, and accepted, a position as secretary to the personnel manager at Miles Laboratories Inc. in Elkhart. She is enjoying her work.

The following items from the 1941 Class Letter were crowded out of the June issue.

Elsie Eash 41 is teaching a two-room school (only one teacher), about two miles from Springs, Pennsylvania. Their school has all the modern conveniences any rural district can boast. Her youngsters are the "Rosanna" type. The girls' long skirts making dodge-ball impossible, so they play "Wooly," a game their grandfathers played. Miss Eash's address is Grantsville, Maryland.

Alfred Zook 41 is in C.P.S. Camp No. 55 at Belton, Montana. He has spent a large portion of his time on the "Telephone Line Maintenance Crew." This consists of freeing the lines of snags and underbrush. He also spent six weeks in the Camp Infirmary. During April he was secretary to the Camp Director. His "extracurricular" activities include Camp Council, Chorus Director, Camp Paper Editor, and Sunday-school Superintendent.

Robert C. Cripe 41 is an aviation cadet in the army air force. He is studying meteorology in the Engineering College at New York University.

Clarence D. Hooley 41 is at C.P.S. Camp No. 20, Wells Tannery, Pennsylvania. His main job is under the title of bookkeeper for the camp and he works at it about eight hours a day, six days a week. However, the actual amount of time he spends at a variety of tasks ranges from eight hours a day to ten and eleven, and anywhere from keeping the camp books to sanitary engineer (garbage disposal).

In order to get into an essential job before April 1, Harvey Birky 41, of Dewey, Illinois, was obliged to resign from teaching and to move on a farm. With present farm wages he will be making more than he would teaching. Mr. and Mrs. Birky have started a weekly class for children something like summer Bible school work. Before they moved from Foosland, a class of fifteen to twenty-five met in their home every Friday after school. On Saturday afternoon they have a class of twenty to thirty children in Dewey.

Mr. and Mrs. Raymond Charles (Anna Lois Bucher 41) live in the country, rural route one, Lancaster, Pennsylvania. Mr. Charles works in the feed mill and Mrs. Charles is teaching a thirty-nine pupil rural school, two thirds of whom are boys. Mr. and Mrs. Charles have remodeled their barn into a four-story chicken house, with a capacity of 200 layers and 1000 chicks. They are planting seven acres of tomatoes, two acres of peas, two acres of late cabbage, and in April they set out in cold frames 200,000 tomato plants for other people. They are also growing 3000 gladiolus bulbs. All these things are more or less on the side because Raymond Charles is an assistant pastor of a thriving Mennonite church with a membership of one hundred thirty!

Orval Shoemaker 41, of Freeport, Illinois, graded $20,000 worth of Hybrid seed-corn during the past winter. He is classified in II-C, which, as he says, "is the place all good dirt farmers are." He teaches a Sunday-school class of boys and is superintendent of the Sunday evening meetings.

Professor Frederick A. Conrad, Ph.D., 12 has been promoted to the chairmanship of the department of sociology in the College of Business and Public Administration at the University of Arizona. Professor Conrad is continuing his study of population trends in cities, which was mentioned in these columns a little over a year ago when he read a paper before the Pacific Sociological Society. The National Broadcasting Company has become interested in his study and put on a broadcast at Hollywood on May 2 in their educational series, known as "Unlimited Horizons." An article by Professor Conrad on "Urban Population Trends and the Public Schools" appeared in a recent issue of the **Elementary School Journal.**

Franklin Schrock 41, who is on detached service in the State Hospital at Marlboro, New Jersey, has become so much interested in his work with mental patients that his letter to the class of 1941 actually urges young men and women who are not under Selective Service to enter this type of work voluntarily.

Mr. and Mrs. Ivan Baumgartner 41 are living at 1141 Mayfield Road, Cleveland, Ohio. Mrs. Baumgartner is employed by the Star Bakery, a branch of the Continental Bakery Company. Mr. Baumgartner's class in Western Medical School lost five more students recently, making a total of fifteen dropouts since they began.

Charlotte Zehr 41 continues to enjoy teaching at West Carthage, New York. Since the commercial teacher left in January, she has been teaching both commercial subjects and home economics. She is also taking part in adult education. In her own words: "I graduated a group of gray-haired ladies who decided that they would be able to help the war by taking typing." Miss Zehr is continuing her graduate work at Teachers College at New York this summer.

Leonard Henard 41 is Physical Training instructor for navigation cadets with the 843rd Navigation Training Squadron at the Hondo, Texas, Army Air Field.

Mr. and Mrs. Robert Regier (Eunice Weaver 41) have moved from St. Louis, Missouri, to Wyandotte, Michigan, where Dr. Regier has a new position in the Analytical Research Department of the Wyandotte Chemical Company. Mrs. Regier spent a few days on the campus in April visiting her mother and other relatives and friends.

Edward Friesen 41 is employed in the rug department of Sears, Roebuck and Company at Denver, Colorado.

Gertrude Minninger 41 is teaching a rural school near Hatfield, Pennsylvania.

Mr. and Mrs. Dwight Stoltzfus 41 (Phyllis Hartzler 39), of Portage County, Ohio, are farming two farms and parts of two more. Eighty acres is under cultivation. The remainder of the land is largely permanent pasture and woodland. They have a herd of eighteen dairy cattle and three hundred chickens.

Nellie Esch, 41, of 127½ East Lincoln Avenue, Goshen, is employed in a secretarial position and has been studying shorthand and bookkeeping with Miss Lois Winey of the College once a week.

Adeline Aschliman, R.N., 41 is Educational Director and instructor of the School of Nursing at Robinwood Hospital in Toledo, Ohio. She is also Assistant Superintendent of Nurses and is teaching a Home Nursing class.

Paul King 41 is at C.P.S. Camp No. 67, Downey, Idaho, in the southeastern part of the state. In February he was promoted to the position of cook. He has also been editor of the camp paper, **The Marsh Valley Echo.**

Mr. and Mrs. Joseph Garber 41 (Thelma Hostetler 40) and son Lawrence Lee became farmers on May 1. Mr. Garber has been manager of the Mennonite Publishing House Book Store in Goshen, but he has responded to the government's order to get into essential work. The farm on which he works is five miles south of Goshen, has three hundred acres, one thousand chickens, thirty-seven hundred turkeys, over two hundred hogs, and over one hundred cows. Joe says he is not expected to do all the work. There are three other hired men and the farm is power equipped.

Nelson P. Springer 41 ("Sprinkle" to everybody on the campus), to whose industry and enthusiasm we owe the above items on the class of 1941, continues his "Service with a Smile" in the Goshen College Snack Shop. His duties vary. He is College Postmaster, Snack Shop manager, Book Store manager, boss of the Snack Shop help, and has a number of other high-sounding titles. But like as not, if you drop in on him during a busy hour, he will be wearing an apron, frying hamburgers, dispensing ice-cream cones, selling orange pop, and all the while (since catsup is rationed) keeping a wary eye on the catsup bottle.

Russell Wright 40, formerly of 1713 Morton Avenue, Elkhart, has been in the armed forces since June 4, 1941. He was stationed at Camp Walters, Texas (Infantry), for one year. Nine months of that time he spent teaching illiterates. Then he was transferred to Kelly Field, Texas (Weather Squadron). From there he was sent to the University of Chicago to take a course in Meteorology. He was graduated on May 10 with the rank of Second Lieutenant.

On account of his father's failing health, Chas. S. Kreider 37, who has been educational director at one of the units of the Hagerstown, Maryland, C.P.S. Camp, has been released to operate the home farm near Wadsworth, Ohio. This no doubt will mean a reunited family for Mr. and Mrs. Kreider (Lois Yoder 38) and their son, Jan Frederick, who was born last December. Mrs. Kreider and her son have been living with her parents, Mr. and Mrs. Edward Yoder, at Hubbard, Oregon.

Lieut. Charles W. Ainlay 41, formerly of Mishawaka, Indiana, graduated from Officers' Candidate School in March, and was assigned to the Infantry School as an instructor in the weapons section at Fort Benning, Georgia. His wife, Dorothy, joined him at Fort Benning in May, and they have an apartment in Columbus.

Paul Brenneman 44, Tofield, Alberta, has been accepted as a freshman in Jefferson Medical College of Philadelphia. He is scheduled to begin his work in October 1944.

Goshen College - Goshen, Indiana

Entered as second class matter November 17, 1924, at the postoffice at Goshen, Indiana, under act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 17, 1924.

Enrollment in the Second War Year

Contrary to expectations, Goshen College did not experience the sharp drop in enrollment which has been the common lot of most educational institutions this year, the second war year. A total of 227 full-time students were enrolled on September 24. Compared to 255 students last fall, this represents a drop of only 28 students or 11 per cent. Women increased by 9, while men dropped by 37, the male percentage now being 34%. However, the decrease in men came almost altogether in the lower classes, with 27 less Freshmen, and 18 less Sophomores. Upperclass men remained about the same, while post-graduate men increased by 8. Lowerclass women increased by 20 from 90 to 110, while upperclass women decreased by 11, from 50 to 39. The total of Mennonite students remained about the same, with only a slight drop of 5 from 178 to 173.

A careful analysis of the statistics submitted in the following tables shows that the loss in students was almost exclusively in liberal arts men students in the freshmen and sophomore classes. The total loss in L. A. students was 41 from 166 to 125, while the Bible School gained 14 students from 29 to 43, to offset part of this loss. Secretarial students (all girls), dropped 3, from 15 to 12, while Elementary Education students (all girls but one) increased by 2, from 45 to 47.

It might be of interest to examine the male enrollment to discover the reason for the surprisingly high retention of this group in the student body for 1943-44. Of the 78 men enrolled, 37 are in the Bible School Th.B. curriculum, of whom 11 are in the pre-theological years, while 26 are in the last three theological years. All of these men are deferred from the draft either in class IV-D or in class II-A. Of the remaining 41 men, 7 are in class IV-F, while the rest are almost equally divided between men deferred in class II-A as pre-professional students such as pre-medical, pre-dental, and pre-engineering, and men under 18 and thus not yet subject to the draft. The latter group was increased by the registration of several local High School boys who had advanced credit and preferred getting at least a year of college before being drafted rather than a year of High School.

The enrollment by states shows that the chief drop is in Indiana local students, with 19 less students this year from Indiana (down from 104 to 85). The region east of Ohio shows the same registration as last year; the Middle West, including Ohio, Indiana, Illinois and Michigan shows a drop of almost 40; while the states west of the Mississippi show a substantial increase.

The registrar's office has prepared table covering the major items of interest in registration, including comparisons with previous years, which are herewith presented, in addition to a full directory of students and faculty for the first semester.
